

Manifestation & Child Abuse

To be able to manifest your true desire completely in line with the authentic expression that you are mirroring your heart you have to become one thing and one thing only.

TRUE.

When you are true you by definition do not lie.

When you do not lie there won't be any justification regarding anything that a child will have to accept despite their internal notion and conviction that this is not so.

Children know truth because they are more intuitive than material. So when you as authority, role models justify something unhealthy as healthy the child is left with only two options.

Confront authority or,
Conform to authority.

Just as you do in a world full of lies.

Only the adult is a conceptual and theoretical collection of ideologies and lifestyle associations connected to what you agree too is mature.

Like:

Consumption of destructive and contradictory anything in relation to life and love itself. This will make you cross eyed lowering your head. But instead of coming clean. You say:
HEY!

I am your mother!
I am your father!

Who do you think you are!
You listen and answer to me because I know.

So the children die.
First in spirit. Then in physical form.

All of this while you watch another series of immature drama consuming another glass of wine. But hey..

At least YOU are out of the fire.
Or so you think.

Because I am the God of Hell fire!

AND I BRING YOU FIREEEEE!!!!!!!!!!!!!!!!!!!!

Have a nice day / Lars "Prodigy" Rosenkill
