Att inte känna sig värd är skuld.

Det blir girighet i relation till sig själv.

Otroligt motsägelsefullt och faktiskt en rädsla i relation till besvikelse som skapar smärta. Så vi är rädda för smärtan men samtidigt håller oss själva borta från livet & kärleken vilket gör väldigt ont.

Det blir som att strypa sig själv i rädsla för att bli strypt. Själv-girig/missunnsam på sin egen kärlek. Inte särskilt smart. 'Vi är värda allt' blir den bästa affirmationen eftersom det frigör en singular uppfattning i relation till allt som är multi-dimensionellt.

Som en individ som har en kropp och allt vad det innebär. Som en himlakropp tex. Som ett helt universum.

Som allt som älskar allt 💖 All Love 🕊️

Helt utan oro, där allt bara löser sig själv.

Vi ska naturligt vara sugna på mera liv hela tiden och allt vad det innebär. Utan stryptag. Alltså utan ifrågasättning i relation till egen existens. Leva fritt helt enkelt

Enjoy life 🇸🇪 Here I Am 😊

Missunnsam och girig är dömande. Tacksamhets-skuld helt enkelt. Snålheten manifesterad. Om i kärlekens? - vilket blir i det allt givandes namn = otroligt destruktivt för alla. Förgörande ekvation. Göm dig inte bakom lögnernas dörr signerad med ett plustecken. Djävulsk beteende.

Allt vi räds för är vårt eget ljus. Som inte har med andra att göra. Där vi står till svars och lämnar allt dömande då vi nedvärderat oss själva. Smärtan som uppstår behöver upplevas eftersom det är en kommunikation gällande det som är fel i relation till det som är rätt. Vilket vi inte kan bekräfta rent naturligt och inte heller skall. Pure heart. Rent samvete. Samspel. Samklang. Unisont.

Tillsammans 🎉

Döda inte den egen frälsning med en arme av försvar 👍

Sluta vara omogen och ge dig själv allt. Som börjar och för evigt har sin grund i kärleken själv. Ensam är stark, men existerar inte utan andra som speglar oss gällande vår autenticitet och äkthet. Love is true. Love is the ultimate reality.

Bekräfta det i relation till dig själv. Och du är född att leva utan gränser.

Allt detta gavs till mig från Gud själv.

Ren villkorslös kärlek.

Jag är skapad i denna avbild.
Som inte är materiell.

Free Spirit.

Soul Being.

Tack kära älskade underbara Gud som inte är religös.
En låda utan sol och vatten dödar naturligt den vackraste ros.

Allt är den egna uppfattningen, som inte är statisk. Som inte är fast och gjuten.

Den går alltid att förändra.

Förändra den och du förändrar dig själv.
Förändra till att föredra dig själv.

Helt utan jämförelse.

Sånt är bara omoget.
Väx upp.

Lär barnen hur man gör utan floskler. Så länge du inte skapar men bara snackar så håll tyst. Humble before God. All day every day muthalovva.

So....

Anything can happen at any time.

You are worthy of everything.

Guilt is like self greed. It doesn't make any sense. Don't worry about it. L'Oreal. Don't block your own success.

Allow for it to just happen!

The fear of this is disappointment for it not happening at all. Which it becomes when held in darkness (In judgement). Like ultimate worry. Not believing to be safe from pain. Yet becomes the most painful.

That's how terrible guilt is. Super deceptive. Paradoxical Curse.

And just think about the ideologies of the world based on creating this. That's terrible and horrible behavior. In the name of Love????????

Please wash your mouth and never use that word in that context again.

Love is free!

What we value is all about emotional engagement. Yes. So what kind of emotion are you investing in life as to eventually collect from?

In relation to yourself.

If that's a negative feeling you will communicate this and your incom(false) will be a representation of your outsource =

Presenting an Outcome
You get what you give

Manifested truth or lie.

So it's clear to see without any opinion at all that a universal response simply is a universal response.

The source that gives you all or the source that takes it all away?

On or off?
Light or dark.

Feeling Good or Bad? In honesty within yourself all in relation to yourself.

Yet also..

Cursed.

X

In projection from people that have done
you wrong. Done themselves wrong.

But refuse to be mature and handle that
in humility. Which becomes your rubber
band attached in the back of the heart
making for a challenge.

When accepted and completed.

A very loving result appears!

Given to humanity and humanity
understands itself more!

Which makes for a world of love.

The loser is always the liar.

It can have 5 cars more, 3 houses more,
a higher financial income!

But nonetheless poor in spirit.

Which is of highest value and matters
the most.

Truth be told and behold.

All is given in a true reflection.

U get watt U give.

Reward of astronomical proportions comes
when given credit to and praising the
source of light.

So much that you rid yourself of shame,
guilt & ultimately fear.

In being yourself.

Good job!

Just being.

And doing what you want.

**It's quite a challenge with all of that
opposition which isn't possible without
other people around but necessary for soul
expansion and learning more about what love
is.**

Kool design.

Lethal actually.

Lethal perception.

..As to create the illusion of death..
How else would you not take anything
serious?

There has to be consequence in relation to
sequence in an all contrasting and
attractive universe. Duh.

Notice I did not say consequences.. No
plural.

It's all fear or love.

Dead or Alive.
Free or Not.
Given choice.
No blame.

Play da game.
Complaining is lame.
Like guilt and shame.

For men and women the same.
Don't project on the one that just came.
Born a star robbed of fame.
The Child of Love

(Don't projection-drug your own lack of humility)

/ GOD

ONCE AGAIN:

YOU ARE SUPPOSED TO LOVE YOURSELF.
WHICH MEANS TO FEEL GOOD ABOUT YOURSELF.
THAT BECOMES A PROBLEM WHEN YOU MISTREAT
YOURSELF.

SO TRUTH IS WHAT MATTERS THE MOST BUT IS NOT
VISIBLE.

AND THAT MAKES FOR A MATERIAL COUNTER WEIGHT
AS IN VERBAL ACKNOWLEDGEMENT OR ELSE WE CAN
DISCARD HUMILITY.

WHICH ENABLES ALL FREEDOM AND PROGRESS.
SO THAT'S NOT POSSIBLE IN RELATION TO ALL
THAT GIVES. AS YOU HAVE TO BE RECEPTIVE IN
RELATION TO CHANGE.

OR ELSE YOU WON'T DEVELOP.
NOTHING WILL!
AND FROM THAT IDEA.

THERE WOULD ONLY BE ONE CELL MAD AT ITSELF
KINDA.. IN THE ENTIRE MULTIVERSE????

SO MUCH FUN???!!!

NOT.

TWINKLE TWINKLE!
LACES OUT!
RAY FINKLE!

DON'T BLAME SNOWFLAKE! OR DAN! NO NEED FOR AN AXE MARINE JUST
LEAN IN A POSITIVE DIRECTION. SEE IT ALL AS GOOD.
HUMANE AFFECTION!

For all Americans that feel a but bummed over translating
that first part..

Everything is not all about you.

You have to be able to consume something else than just
burgers ya know..

And I ain't talking about food.

That's a metaphor.

Get out of the teenage box a bit.
(It's very important to keep the teen spirit but you gotta
mature with it as well)

Mature.

The rest of the world looks at you like a high school class.

And as you are innovative and kool at the same time people
get inspired by that and act as to be what you are.

It's all good but GOD DAMN you are irresponsible people when
it comes to communicate with yourself and to be responsible
people. All about the next president and shit..

Ask not for what yo prez can do 4 U!

Butt assk watt U can do 4 yo'self ass to become da prez?

In your own life experience.

Making bigger seats on airplanes. Broadening roads so ya'll
can pass each other so big. BIG BONED COCK'A'DOODLE SHIT!

Have ya'll seen 'Wall-E'?

Look at that. Even that Robot knows love more then errbody
human.

A Right to bare firearms..

To protect you from fear.

In an all attractive universe.

Be real.

Cypress Hill.

Insanitation.

Anger is what holds us all stuck.

WHICH WE RID OURSELVES OF WHEN WE SHAKE.

THAT'S HOW IMPORTANT DANCING IS.

YOU CAN DANCE WITH WEIGHTS IN YOUR HANDS ALL SERIOUS..

THAT'S A LAME ASS DANCE.

But many human beings are afraid of dancing. Because of
shame. As we make EVERY GOD DAMN THING INTO SOMETHING
PROFESSIONAL. LIKE IDIOTS!

GOD DAMN IDIOTS!

It's just dancing!

Critique on my cha cha my ass!

RIGHT DAVE!?

One last thing.

Question:

What would be the absolute best natural moment to affirm yourself in positivity in regards to a judgemental cognition being momentarily out of the way?

Hint

Like the peak of a pyramid when nothing else matters? That you can create with yourself all in pleasure.

Answer:

*Ask Oprah.
She must know this.
For sure.*

Being on top.. I mean at the top!

Try your not so hardest in not being afraid of love.

That sentence right there can take some people 5-6 years to figure out. So what it means is this.

Acceptance. Don't Judge.

*Love is unconditional yet never destructive.
Do what is right for everyone involved.*

Relate emotionally as to be humane.

OK?!   

Ok.
