**It's like my glass
shoe nah mean?**

transmutation.se

Listen..

We're all different. We like different thangz and so on.. So I thought I'd narrow it down a bit. So if you answer correct on each question in a chronological order of numbers following each other nah mean then we might be destined to be as love of each others lives connected.

It's all yes and no questions and varies regarding if it's a yes or a no. So it is a bit tricky. But hey! It can't be too easy now.. I am easy. Like Sunday morning. Yeah. But not like that 'Ugh'.. Right before that guitar solo. Not that easy.

What I look for is some superficial aspects. But mostly emotional which is spiritual. I am looking for the love of my life, not the lay of my life. I can handle that myself. Like today for instance. All by myself. Twas great. But!.. Yes.

Please relax and take youz time. No stress up in this muthalovva. Butt be honest. If your answers are a size 9 and I have to clip your entire toes to fit that "glass shoe" it ain't gonna happen. When you're done you can take a photo of your answers and email them to Elon Musk. And he will design a spacecraft orbiting Saturn for 6 years before it returns back and by then he do sum else.

I have been receiving some guidance regarding who you might be. But I just need this fact check despite that. Luck has shit to do with it. Be real. Insane in da membrane. Or we ain't fit..
