Push comes to shove.

I don't lie about my own dad
My truth becomes his lie

Or his lie becomes my truth.

Love is truth. Truth always wins.

Never ending. Which one started the fight?

Always the lying pieces of shit that they stole from us. Accomplice in crime taking free will away. All is one. Until we learn about being human. And stop hurting ourselves.

Da new language? I don't get it.
They are reflections of each other.
But also upside down.

Solve that and we speak All Ah!

Look right for positive programming, left for negative. Straight for experience.

Never look back. It hurts.

Wrong way. But find ways to make that feels good in the material. All in peace love and understanding 

That's a wonderful butt I absolutely love it without any sexual context.

Someone who does not speak your birth language fluidly is not fluid in love

Intuition, the language of God

Feeling for it. In absolute perfection.

Does this feel right?

Get it son. Go get it.

It's yours in freedom.

- What do I go for?

Living large 🙌💎⭐️🌸💕🕊️🇪🇺

Without impatience.

Datas how we do it. Going for nothing to everything seemingly just like that.

Projection. Flickering light.

Happening fast. Painted as you go. With your choice of emotion. Making it beautiful in its own way. All is love. When you sum things up. Of all that is invaluable.

Freedom. Life. Love. Joy. Happiness.

Good things. From a good spirit. Making it happen, by attraction.

Hard? Tough? Rough? Killed before chance.

What are you fighting? Yourself

Higher self

True self

Self

We have subtitles on movies now with all the wrong words often times. Can we talk openly and honestly? Drop the control behavior.

Believing you are God is not difficult. The challenge becomes from the perceived position of perception. Getting things clear with your self and your personality.

At lot of will power going against what seems to be not very likely. But truly is.

Break on thru..

Polar bears are black. But the fur is transparent only reflecting light. Things aren't always what they seem.

It's a comedy.

Face it 🙌

To desire is to want.
Not as in bot having.

To get it? You got it.

Believe for it. Have faith.

Give all. And get all. A true reflection.

Don't give up on giving up.

For Gods sake. For your sake.

For All Ah's sake.

..strings of life...

Take offense. You are offended. By error in self perception being projected in lack of understanding.

Why are you looking for recommendations outside? At all? Can you trust truth?
Yes. Always.

So be that.

Speak, live, stay in your heart.

Always 

Politics is doomed to fail.

Ridiculous.
