

We will always be in great need of pleasure when we do not enjoy ourselves

That's fair.

The meaning of life is to enjoy it. Who am I to be the judge of that? No One at all.

Ah!

Free choice. Pitiful has been the mastered slave projection. As to demonstrate a total offset but in clear picture. Butt nah mean..

Hexvex.

To not favor other is not favoring self which you is behind that decision. Give is give.

You can ask for tourettes this Christmas. And you've got it! No judgement.

So who can heal? All. Ah!

Just do it. for real. Do not lie.

Racism. Is the fear of authentic expression. Being true to self. But projected as in control of what cannot be altered and has the origin in contrasting conviction always kill self so twisted up folded mad about color being all black and shiit...

Da color blue took offense.

But errthangz kool now.. we sorry aight we love you blue. Get up to throat now from heart my love 💖

I can do anything but maybe I do wanna in this life time actually.

Listen now probably 99,9999% of the world.

It is summer. When you feel that it is.

For me.. going on for about a month and a half. Ends when it ends but like late oct..

That's real.

Salt. Sweet. Creamy.

Women...

We don't like:

'So what's your thoughts about me and yo cock in my ass then?'

No one enjoys that.

It's not a ATM card insert. Folded.  
Stuffed. With all the good you can dream of..

All for you baby. / Makin 💖

Good taste ripens and enjoys itself.  
We wouldn't it? It's nothing wrong.  
As we complement each other very well.  
But stand out like unexplainably good!

By one self butt for each other ass is sooo good..ah....

I need more salt when she craves me.  
I need more sugar when I crave her.

I don't know the full meaning of all this butt I have to trust that all is good..

But not like that

No 😊

Drop that.

We do not enjoy that.  
At all. No ah. 😊

Noah's Ark of the covenant.

(Hey Jim!)

End period in all perspectives accountable for ending all is complete self projection..

Which must leave space before the end.. As the end was double to exist for a brief moment in perception of self being true yet not competitive at all for real don't understand it poor baby..

The zero counts as zergo gravity

And we can both guaranteed by the intergalactic federation and all universal existence that you are the couple Christ..

Correct vision now coming up.. .

Butt not too fast, we both now that..

In the beginning.. .

But it gets better as we loose up a bit and love you there with us as one connected by very thin diffusion of illusion as to make for confusion... .

Do you understand?

Skitunge.

We call kids in Sweden with highest ratio of collective self judgement escape rout..

Which means Shitkid

But we do it like a fun little thing.. we do not say it with a diminishing tone.

But we lack self love the most.

For taking the blame with me as here I am!

God.

In the center of attention if Molkom was pointing exactly upwards. In co tradt twirls and hex vexes due to planets own rotation, the soul systems diversity and all else.

You know.

That much pain.

Cute me.

Strongest man alive.

With a little belly.

And right now a bit weak overall in muscles nah mean..

Kinda.

That's good.

We love each other perfect as we feel fit.

Which is not a standard at all.

All experiences are unique.

Us as well.

We are living as humans with you know now.

That's all.

We are time receivers you see.

I was saying..

That Leo does not really comprehend the most critical task of all this love

He is not to be judged anymore.  
For being stupid.

When hearing the dark projection affirmed together makes for intelligence to be  
darkened.. in relation light brightening everything up..

Which is good..

But baby 

Yeah.. I don't know.

I don't know what is real?

With a question mark?

I don't. Donut.

Do nut.

Do is to be.

I do. Materially. I do nursing.

Leo busted now folks.

Pause the game.

I don't wanna eat to feel the love I need.  
I wanna need the love I consume.

That's desire vs craving

Satisfaction is superficial and deep depending on what we like.. and also who we feel we is in relation to us knowing this from self learning or self sabotage as we do all this to one self together. Ultimately.

LL

The captil L must. !

Be equal in lines

It's the trinity connection with itself so fast it almost catches up bit leaks a bit of love into nothing and gets a little lost affirming itself turing around all the time instead of just relaxing the mind without stress and let it solve itself as it most definitely can..

All of what I have described about us being together? Is any couple. Meeting to be together on very good terms. Of agreement with self. It's the sweetest deal but not near impossible. At all.

Also Lou: Does not fart.

...

So yes she does. What do you think?

Butt farts are not sexual.

It's relaxed normal and OK.

I do not have a problem with this and never have..

I don't care about it in any way..

My umbilical (Un biblical) cord got attached in the wrong sense of security code.
