

When you feel free the world is..

As you live your life feeling free, things you could not imagine happens. From out of the blue. Without you even desiring for it at all.

Life/Love takes care of you and gives you gifts you did not even think of. Like I was taking a walk next to a high speed road. I was early for the bus with about 45 minutes. So I thought I'd just walk a few busstops and eventually the time would be right for me to get on the bus. I was not complaining. I was not sending out that I was in any kind of distress. It was raining and I got more and more wet. I was enjoying life and actually singing along to some music I listened to.

Then all of a sudden! A taxi stops in the middle of traffic and the driver asks me what I'm doing. I explained and he said: Jump in I'll drive you for free. He even drove longer than his destination and as we stopped for me to get out he asked me if I had any money. I said: Nah.. well not that much. And he gave me some money.

This! Is attraction from a general state of feeling. Out of the blue not even requested. Life support. Love support. Divine intervention. Glorious invention. So good!

Thank you! Thank you God! We are one. We help each other out. What did we talk about in the taxi? Love. We talked about meeting someone new. Both divorced. But longing for love. And I said to him. When I get an opportunity? I will do my best as to connect you with someone lovely.

How wonderful is this experience. How great is love! How extraordinary is God. The best!

Thank you wonderful magical superior love!

He asked me to not share this. With him connected as a person. And I am not doing that. I am not mentioning his age, looks or what company he is employed with.

I won't blow my source.

Why did he do this? Because it's not cognitive. Love guided him. All was scripted and a part of destiny. This is how it works.

Affirming 'I am positive'. Allowing for contradiction to leave. Makes for freedom all together. We are naturally free but may not feel that way. So do what you need as to release yourself from the inside out. The more you live free as feeling free which is to enjoy and appreciate life walking around with a good feeling the more good things happen.

Reflection based on truth. Fair. Juste.

You cannot lie to yourself and receive what you desire. It won't happen. God is all giving. And gives without question in ways you cannot imagine as to make life a wonderful and interesting experience. Which you can trust and align with by freedom of choice. That's all.

Be good to love. And love is good to you.
God is love. Love makes life possible.

Good deal.

What do you see? Are you experiencing or just letting the same old pass you by?

To best define God in music is Funk.

Flavorful, interesting, joyful, adventurous.

Fill those in the four chambers and life is swingin'. Feel joy and joy feels you as you is one. What's the reason for that? Does there have to be a reason for that? No. So all yes then. Who is you affiliated with? I am not at all. I am one with God. God is my source. God is my witness. God is Love. And Love is everything to me.

- Wow that's a lot to live up to!

Why?

I am what I am and affirm it as to be it.

That's possible for anyone. You cannot be stressed chasing something you is.

That's a misconception creating separation which never is. That's the reason for pain. So stay with love and experience life without judgement all in appreciation from the i side out and you are Good God 2 Go!

It's all just minerals in wind. Held together in various forms depending on the given expression in relation to gravity. With absorption in relation to frequency.

But love! Is real. So so real! The realest.

The greatest. The highest. The best!

Without competition. That's precious.

Love gives you all to enjoy. So enjoy it and return the gift of grace by being grateful.

Or else.. You will be self corrected. Moment by moment. As you will begin to realize.

So don't fake it.

So how do I feel in relation to other people? I just wish they could understand all this. What do I do with people refusing it? I understand the strength of the ego and know they'll come around. So I give them many chances. But eventually.. I let them go. If love is affirmed. It works out.

If not? You're on your own kid.

Some might refer to me as being a teenager. Lost in life. But I'm not. I'm right where I wanna be and need to be. As to live as I wish. To become what I am. Somebody all rigid is afraid. Of living. And conforms. As to adapt to a structure of what? What really?..

Grown up?

I'll drink to being young at heart. But not coffee.

Try going for a walk. Enjoying the fresh air. Like me right now this wonderful rainy evening. And say for each two steps 'I am Love' and the next to steps 'I am free' with a smile. And do that for 20 minutes. Not thinking as to worry about anything.

And feel your own creation in giving you what you need not actually doing much.

What pace makes that smile come easy while feeling good about your statements?

Some can do that while running. Just feeling and not stating anything! They are called children 💕

I love you! Thank you!

..and God is like: You don't have to shout it. Just feel it. It's all good. You're welcome.

Just receive it 💕

- I'm gonna kill myself now! And if someone doesn't come to save me Imma do it!!

I understand.. Please give grief a chance. And eventually come to freedom. Not condemning yourself in a false self perception. Love takes care of everything.

When you allow for that 🌸

Humble and grateful are one and the same.
Saves all no matter what.

..I am so good 😊

Don't you agree?
What is jealous?

What are you doing with your time? The only thing you actually got. Life time. Time for life. When all is an unconditional love response on investment by choice.

Love cannot give up. That's impossible.
So don't give up on love. Believe love. Have faith in love. Absolutely trust love.

And love shall give you all..

I used to be convinced of an idea. That idea was general. And it was speaking against me. I wanted my dead. It tormented me and tried to rule me. It was almost completely dark when I am really light. But I could feel that almost.. and this saved my life. I did not understand from the start that what was, is & forever will be my savior. Is not an idea at all. Just the feeling given authority. The feeling of good. To rise up from the hood.

I may not have been thru conditions which people could define as the worst. But this does not matter in relation to sensitivity and destiny. The mind is not evil. It just needs to feed. So give it what you need and not what it thinks. Allow for the stream of conscious beam. Affirm the light.

And everything shall turn bright.

Someone whom has lost their mind? Is really someone whom is controlled by the mind. They have not lost it at all. But loose all they must. As to realize their deceptive ways. All in relation to self. And come to truth. Living free again. As intended. As programmed.

As love 🌸💖🕊️

*I am love!
I am free!
I am good!
I am light!
I am nothing!
I am all!*

Ah! 🌞⭐🪐😍

Thank you 💖💖

*All that needs to be restored. Is honor.
Thank you for all the love. Without love nothing exists at all. Thank God.*

Humour is important. But love needs to be taken serious. You have fun in love. But you don't make fun of it as to hurt it. It will never hurt you back. It cannot. It will only teach you in forgiveness wishing for you to come back.

If that ain't love? Then what is?

I love all     I forgive all

And I stay focused.

*On what brings me to her.
She is everything for me.*

Make fun of the serious darkness. Turn it into laughter. Joke about it.

And you fade to light.

*All my dreams become reality
I deserve a good life*

I trust it and so shall it be

As I feel for it

..Like Sam said. What are you waiting for?

Just let it go!

Try to brake something by folding it alone is not as effective as also applying a twist to it. Try it for yourself.

*And understand everything in the Universe.
There has to be a lottle drama to it. Or else we won't have a show.*

FROCO!!! FROCO!!!

*The most "evil" thing on earth is lava.
Which is very much necessary.*

The king shall sing. Or else no string. G.

- You may now lick each other in thy mouths 💖🕊️💖

There is no going back..

*I am worthy of feeling free in gratitude which is love self affirmed without question.
Not possible without humility. So we go good together, love and I 💖 The best of
friends. Forever 🌸*

Now I feel ready.
