You give the last you've got
To save the one least worthy
(Whom does not exist)
Correct Perception, Love, Necessary.
Good. God.

No choice in good vs evil.
As evil don't exist.
It's a choice. Created.

Love always triumphs. 

A greater understanding. A greater good.
A good life. A great life. Greatness.

You get what you give.
Thank > You = God : Do right, do good 

As to create that. Free will 

*U said, I believed, U said, It is Done.
See the beautiful in everything and everyone. Love all unconditionally.*

*Talk is cheap. Love is rich.
Abuse love signed love? Worst deal you could ever make. Shooting yourself in the
mirror holding the gun backwards. Blasphemy. Deadwrong.*

*What does a word feel to you? Makes all the difference. You don't know? You don't
feel.*

*Never mind any action. All begins and ends in love. Everyone deserves love, a
second chance, a new life. Without losing the one they have. You are not the judge
of that whomever needs to learn more about understanding forgiveness.*

*I am God, I give without question.
I love all. Above all else. Universally.*

100% Love.

You lead yourself like the adult holding the child in loyalty. Right?

*We struggle to find value in life based upon the emotional projection coming from
lack of humility. In misunderstanding about life being a gift handed over across
generations in a multidimensional experience. We are not punished to live. We are*

given all without any form of existence to what could ever be defined as a question in relation to that. Naturally. Just happens. Comes.

*As we receive it. All is love.
Can you receive it? Yes. So do that.*

*Your own free will 🌸🕊️💖
I give. My. Self. Complete circle.*

You are always ready to receive. Make yourself clear about that. In all honesty.

*All giving. All knowing. All forgiving.
All loving. All Ah!*

*Don't give disease a name.
Know love. All is well.*

*The frying pan was made by a man, inspired by the love of a woman, whom makes wonderful food for the hard working man. That goes out into the world in her honor. Or deserves that pan bang on the head.
Roasted nuts. With blood sausage.*

I feel her 🌸

Nothing is right or wrong in a morally mature & sexual context. That's not any of your business. Mind your manners.

- Can you please explain that?

ABSOLUTELY NOT!

*Respect is not fear. It's reverence.
Accepting is compromising convictions.
Not judging. God does not judge. Why you?*

Bigger than God? Mind bigger than heart.

*My brother. Dave Chappelle 🌸🕊️💖
Gloryholy wonderlove!*

You may accept all on my behalf.
