

DESTINY OF LOVE
NOHARMONEY

ALL LIGHTS ON YOU

Leo Rosenblad - transmutation.se

I remember..

..when I used to be single.

But I am not anymore! No SirMama! I am not!

I am so happy and grateful now that I have met the love of my life! The most beautiful and smartest most wonderful woman in the world! And she wants to be with me. Can you believe that? I can. Because she holds my hand. She listens to me and we work together for a common goal. We work for Love. We work for God.

In everything we do we put Love first. It's amazing when you meet someone whom is a reflection of yourself. A true match as both are loyal in the game. I have seen you for years. I just didn't know what ya look like. But I have felt you call for me as I have called for you. Two hearts one soul. What more could you ever ask for as in the primary desire of your heart. Everything else is a bonus. The world is a bonus system. Which works perfectly as we come from a true foundation. That's when the magic happens which has been hidden by the veil of rationality. A small mind.

Keeping safe. Protection. Even to the extent that it blocks all else. Not a fault. Just a part of the game. The dating game. The love game. God's game.

Stay in faith and stay loyal as in true to yourself and you windex all that veil!

To receive a like from you on social media is to me like traveling the world. And that's what I wanna do with you. I wanna give us all. I want you to have whatever you want. God doesn't just like you. God loves and adores you. Thank you!

And God is all about the greater good and the greater good is sooooo goood!

You just gotta do the work. And that's by making God real. As real as can be! Like identifying and being God walking on the face of the earth. You then give yourself.

Self. Your. Highness.

Everything you've ever dreamed of is coming right now. Believe that in great stable not tensed faith. A certainty. A given. A sure thang! Because you did it. You fought in the intergalactic war and succeeded in killing the opposition with love.

That's God's way of handling everything.

All of what I've done is for me to get ready for her. I ain't got a visible Sixpack! But I've got the heart and mind of universal power. I am well connected. In Spirit.

We prescribe our own reality by a general state of feeling conjured up from thoughts and emotions of what we focus on. The pain and the hurt from physical warfare is a manifestation of a collective fighting their own salvation.

You gotta go with the flow. And that's the right way.

Come from and return to love. Always.

Keep the smile of God. And walk by faith. Not by sight.

And everything keeps coming and coming and coming..

My grand prize has always been and always will be her, my love. And that will not happen if I don't acknowledge myself. My love is your love and your love is my love. It's the same love. Love is non-conceptual. It's at our disposal. Just don't dispose of it. Keep it. Keep the love. Teach the love. Preach the love.

So we can keep the love.

Make love rule without dictatorship. Love does not dictate. Other than clear cut instructions and guidance as to live a beautiful life. Heaven on earth. Understand the metaphors. Hack the system. Dispute the lies. Listen to your heart.

And follow God. Be God. Feel God. Feel Love.

A strand of her hair could make me last for a few days maybe. But I don't wanna be without her. I wanna do everything with her. As I'm newborn. New eyes. New experience. Clear vision.

I have eaten fruit. I have listened to music. I have cooked. I have been outside.. But not with you. Yet. Dear God make my dream come true.

I AM SO HAPPY AND GRATEFUL! NOW
THAT I AM TOGETHER WITH THE LOVE OF
MY LIFE!
