Kan vi hålla varandra i handen ganska så snart ändå?

Jag vill bara fina saker med dig 

Vi gör allt fint nu vi känner allt fint..

Jag känner mig ren och fin nu

Behöver jag tro på det?

Nej! Faktiskt inte.

Vi litar på det från början.

Som så liten som möjligt i mammas mage

Så tillit, intuition.

Fungerar perfekt.

Förutom när vi tvivlar.

Vilket gör det perfekt!

Av sig själv!

Vi är perfekta för varandra!

Det blir inga porrfilmer kan vi ju lätt lova!

Eh. Öh.. nej.

Varför?..

See.

Riöst! B.

Not kool.

Good as shit! For real!

So we don't need to eat it.

Crunches and salty kinda fresh air sweet tangy good feelin' nah mean..

Lonestar.

Best comic ever.

The one I know.

Can't find it online.

Rip off.

The one you can find.

I felt that.

Got very much disappointed.  
Like totally.

Do not lie about perfect creation in relation to God at the time being when you do it.

Which is all the time.

Mi 🌸

Jag litar på att det är du. Jag vet inte alls hur du ser ut mer än dina ögon och leende.

Malin.

Var den 12:e.

Som bodde här.

Du är också en fjärdedel.

Av vår gemensamma första hand allt.  
Men med kärlek först såklart!

Annars sker ju ingenting.

Som det gör för mörkret.  
Fast helt osynligt.

Så vi kan i princip falla mot antarktis nu.

Vilket är Atlantis.

Jag har ingen bra förklaring på det just nu!

Så kan det va!

Vi kan varandras punkter på kroppen naturligt 🌿😘😄🕊️😇🌸🙏

Peter!

Ha!

Hans glädje är du!

För mig 💖

'Galaxy' Lars Rosenblad

Går vidare där..

'Illusions'

You might need a couple of hours more Kat.

There is very slight discomfort in this music.

I was terrified. When I did it.

But it was love 🌸

Oh!

Gentle love.

I don't mean to scare you..

Sensitive being 🌸

I forgive you mama.

You just love so much.

Did not even kiss me in the middle.

Free of projected charge.

Kanske 💋

Jag vill det!

Jahaaaaaaa!!!!!!

Teenage hiccup!

I have been struggling soooooooooo much!

With why I feel sexual sensations with teenage girls. But never tried anything and most definitely would never ever do that.

It's because I have not seen Mi in Me in such a long time which does not exist but memory fades and I see her as a teenager..

Super happy! A little drunk 😊

And just like.. still happy.

When she said she was blind.

At Holken.

Euro Dance!

Yes.

Very important to me. To her.

For us.

Good music.

Jag vill ha din kyss.. men behöver is på bröstet..

I bröstet.

Vatten når inte till hjärtat.

Det gör det men då fryser man ihjäl.

Naturligt.

Kärlek är värme.

Men perfekt värme.

Nisse connectar..

Perfekt finns. Och är gudomligt närvarande. Alltså precis i tid. Så skapar allt där tiden står still..

O Mi!

När vi är tillsammans!..

Utan stress..

Jag vill slappna av och inte bry mig om något som jag inte kan påverka.

Gud ge mig mod att förändra det jag kan.

I love you!

Maria visste?

Känner ni varann?

Ah!

Soul sisters.

Kul!

Och jag har inget sexuellt kopplat med Maria. Och inte heller Emma!

Emma och Maria skulle vara så himla fina kul kompisar!

Väldigt lika!

..music!

'Listen,Feel'

All this. Will be a simulated ride orchestrated by my music. Narrated by Kat Williams as the conductor.

Where you go from the top of pressure.  
To the end where I let go of Maria..

As a reference for true love almost 

Which I needed to hold as to come to true love.. for real.

'Mentor'

Bahman Ghanbari

Made in highschool.

Inspired by him.

I've missed him for years..

Studying law now.

We about to change that I feel.

Combine maybe. 😊

'Mobile'

That far right rip. Is a match trying to light your fire.

'Nightdriver'

Like early fruityloops.

Sluta tänka på Mi?

Jaha...

Reverb does not go down..

Light sways..

Dark drops.

Drop the pressure.

To perform loving..

I don't feel like Mi has kids?

But I don't know 🙇🏻💕😄

Maybe she's waited for me?  
Good service. Like my creation.

Could be!

Either way is fine.

For real 💖🙏

We are gonna dance so much!

Like:

Vakna.. Jag ör sugen!

- Jag sover..

Men kom igen bara lite!

- ....ok. Jag dansar med tummen ok..

Ja!!!

'Power'

Both thumbs like this during the song.

Feel Korean pride in heart with those strings.

'Sunrise'

Keep thumbs

Pride in honoring the sun in joy.  
Which just about good enough.

I am

'Symmetric'

Thumbs remain

Find excitement! Adventurous mission!

'Vagina'

No thumbs..

This is sex.

And also riding a bike.

But not sexually.

Kind of.. what do I know!?

'We don't talk anymore'

I did a upbeat joyful airy song about not communicating.

Why!?

I hurt myself.

To see if I still feel..

And now I've learned my ways..

'Everybody Conga Line'

And head butt each other in the back!

Until we die!

Yeah!!!!

On that snare!

This is Pharrell's jam.

We can dance him to death!

Just glue the volume!

Hah!

Holy trinity Suicide!

Me! Mi! P!

Dead!

Hahaha!!

Vad du är fin Mi!! 🌸💖🥰🎉🎉🎉

'Follow your heart' (FT2) Goldwave 4.26

Hultman knowz.

For sure.

Was there.

I clear friends now.

From back 🌟

Same sex. Is alright.

Absolutely.

Both ways.

So closest was Vapor Girl.

As I do not remember her name.

'I dare do it'

You ain't a munchkin Kat.

Drop that.

That last modulation add on to melody.

Spiritual water.

Take that to heart in joy

'More Compression?'

Jag vill höra allt lika tydligt  
Jag vill se allt lika tydligt  
Jag vill känna allt lika tydligt

Som du!

Det kan jag bara med dig!

Vår bästa tid börjar..

Nu!

Efter braket!

321 Nu!

I sent it up!

'Smash hit'

Hahah.. crazy.

All side chain done with master compression.

How da fuck did I dial that in.

!!! Wtf!

The sway of the hihats and all like that.

Pfff...

I need to get mad sometimes.  
To remind me to slow down.

Joy helps!

I have actually done all this now.

Wow!

What a star!

I mean there is a lot of transients left there..

Hahah God damn..

'With you'

I have such a difficult time fantasizing about Mi in a sexual context.

Comes later 💖

But hugging in bed. Cozy 😊

Unknowing people in a disturbed universe..

Bout to light up.

Fo sho.

'You'

(Edirol Orchestral)

Fantastic.

..that don't wanna frighten you again..

.. I am alright..

Coming to 💖 ..

I don't wish for loud noises to frighten me anymore.

Thumbs back on.

You know the drill.

I am

(See the sun)

But leave it like that..

Holding arms out.

As upside down pyramid.

Serious with slight joy.

As to be able to kill.

Without guilt.

If necessary.

Without any consequences.

I feel that now and forever.

I trust in that.

For I know now.

I am

..so who do I thank?

I thank you

Serious as fuck.  
When it comes to love.

Sweetest ever when it comes to love.

Both necessary.

As to protect what is all.

How else?

Don't fuck with me.

Or anyone.

Close 2 me.

I could be in London.

You can be in Venezuela.

Over in 2 min.

There is no possibility for evidence.

Like the red button in the box.

But me and Mi.

..will know.

We do it (if that's the case) blinking to each other. With that feeling.

Only one. Couple can do that.

Don't lie.

I feel like Mi's upper lip goes more forward than my lower lip as to make for a perfect kiss.

Emma was like furious over this.

I understand that now.

Micke 13.

Koolast som mig ungefär.  
Ser upp till Pölsa.

Pulsa.

Kool. Kall mot mitt varma hjärta.

Gerd.

Dagis fröken.

Fönen. Alsterlind.  
Torka byxor.

Gå in o lägg dig gubbjävel!

(Mamma på fyllan till Bengt i sina 40 års nånstans där)

..kom hem! Plingade nonstop på dörren.  
Jag smälte upp den rakt i skallen på henne.

Det var gött det!

Har inte dåligt samvete för något gällande min mamma.

Thank you pain..

For everything!

Now 🌸💖🎉💖🇸🇪😍

Mi!!!!

Jag och Björn.  
Soul brothers.  
Så inget skevt.  
Då Mi blev adopterad.

Perfect creation.

Plus beer yesterday and weed. Purging in the night. Today. Eggs. Pasta. Pouches about 3 I believe. Yes. Some weed tea. Some spliff.

Marianne.

Water.

A little coffee.

One regular cigarette.

I do not wish to smoke anymore at all.

The pouch calms me.

The lady at the store said this one sells the most. To women.

Stressed over love..

Working at the gym.

To understand the confused man..

Poor..

Understanding.

Taking it for granted.

Being a feminine girl.

Yey!

I don't need you Mi!

Jag vill ha dig! Det är OK!

Med glädje! 🌞

Det är fritt fram nu! Välkommen!

All you maggot rappers.

Like I did later 💖

Gambia..

Aida.

Ulf just told me. 15:31. Saturday 10th.

Aida was my stepdaughter.

For about 4 years.

Wow.. Mi.

I believe you was the teenage sex code.  
A big part of the confusion.

But I healed this for us anyway so 🌸👼💖

All good!

Listen I am an age of duration..

But I am not old. Cannot ever be.

I die young thank you very much.

I trust Ulf.

Gambia it is.

We do not have to be disgusted by what we do not prefer at all. Just no thank you

I trust that you is all good.  
And I give that to you..

So can receive my own gift 🌸

Like asap.

Please 👼💖💕☀️🕊️👍👉🙌

Yeah!

We cannot grow new limbs.

No.

Sorry.

Loss is loss.

'Loose it!!'

The entire creation makes both understand each other from both perspectives in all maturity levels.

Not to shabby!

I was so drunk when I made that song..

Yeah song. Don't have to sing.

Still music.. 💖💫

Oldtymer

Ha..

In my age we only could sing...

Not even drum we invented yet..

Yeah it's been a while.

Nice Sprites and thangz..

End with that! Skrillex!!!

Thumbs! Honor! Pyramid over head!

Feel it!

Octo loving mind.

Thank you.

Ending with:

'Til the cowz come homeboy'

Time distorted. Confuser.

And...

'Artwork 101'

+

'I took a selfie of you'

..AirWolf.. that's me.

Where did I find the midi?

In my heart lazy fuck head.

It's a nice end right there.

But..

'The dream becomes'..

'Paul Kalkbrenner - Train'

One luv ya'll!

Hands on heart. I love you 

Those three first notes.

I love you!!

1 2 3!!!

'From da dome out da heart'

Mom was in protection of my dads legacy not wanting me to know about it.

Don't kill babies inside out.

World of hurt manifested.

Like so.

'MOLKOM MOVES'

Look up to light and say I love you to correct any mistakes. Like us drunk kissing like two clowns..

'Visible Oxygen'

So good.. 

'MILO WUZ RIGHT MENTHOL'

'PORTAL 155'

Let's go!

Do not condescend.

Especially women.

I will kill you.

No love.

I can.

I will.

This is justified.

Try me.

Erik Arnenar. Least helpful in relation to me giving him life. From true heartfelt connection in tears.

He condescends me.

High and mighty.

Done.

As tougher experience compared to mine.

Which is impossible.

I relieve you from your service.

Thank you.

That was cold.

He is very loving and a good friend.

A wonderful artist 💖

Super fun dad! I can imagine 😇

Thank you D16.

Number one.

At what I desire.

Find yo own.

Heart creation.

'Your love spread it everywhere'

Which ain't sexual.

Moron.

Pink camo toe.

Close.

No camel toe anymore.

Quiet.

Dance to this like I do. If you refuse?  
You are not influential. And will not be in focus officially.

Is it you Mi?

'The new hope (keep dreamin)'

No 🙄

Gambia 💖

I almost died making this music..

'VICTORY!'

Mi again...

That feeling.

Teenage heart full of love but not sex.

Free spirit. Just loving.

The sweetest.

'TRUTH"

I wish it is you 💖

But I don't know.

And I can't figure it out.

It's impossible to know all before anything.

Especially this.

The most giving 🌸💖🌸

It will show itself 🌸 Like love does 🕊

Mi Starrin.. Role ☆

I feel like sex with her is a possibility.  
But also where I am right now..?

Astrid håller med.

The coolest thing I feel in relation to Mi.

Is that transmutation.se would be appreciated but not a slam on anything nah mean..

I am not my performance.

I am love free and pure 💖

I'm gonna finish 'Galaxy Quest' now and fall asleep. Hopefully 😊

Dork!

I've got a terrible right side head ache.

But please do not make movies that play out something that takes 5 min and say it took 1.

Why are the aliens. And all the ship.

Mostly green. Bot shit.

They should be black red.

And white.

Competition without balance.

13 seconds then we're out of sequence start.

We green. On OK.

Sam Rockwell.

Yes U do!

That purty little smile of yours..

Come on! How about some of that pie!

Terrible role. Brilliant acting.

I love me I love Mi.

Just makin' a note there..

Clues and stuff..

41 + Her

Is 42

And 4 is dividable by itself so no prime.

And leaves the two ones.

Light wins by no competition.

Union. Jacked up!

On self juice!

Power of love!

I accept myself as I am right now completely..

I will change. Like always

For the better

never give up. Never surrender..

Only that too 🙏🙏🙏🙏🙏🙏🙏🙏🙏🙏
