

RELAX

I am famous in the whole wide world.

It's natural.

The mind. Is habitual. And knows only the current state as a perceived reality. It has to in order to make for a comprehension of a three dimensional reality.

But the mind will grant you whatever you wish as you convince it.

So how well can you hold a conviction without diverting from it.

Which means to not allow for any contradictory emotions telling yourself that it isn't true. It's a world of make belief. Do other people need to convince you of that? No.

You need to convince yourself about what you wish.

And the wish is granted as you are firm in what you affirm.

The power of the mind is very strong and needs to be or else we do incredibly crazy things way to fast. And this is not congruent with the speed of three dimensional real time.

The pivot. The Snap.

Is when you have a hard time seeing why this shouldn't become.

Why not?

Who have you become? What are you speaking of? What are you capable of comprehending and is able to share with ease? And in relation to what makes things better which is what the world needs and what everyone desires.

This.

So as this is a reality for you before anyone else it will become a reality as you are not angry in relation to it not yet a reality. And you do not cry about people not understanding you.

You do not invite defeat.

Defeat in relation to your own creation is not an option.

Not a chance.

This is to good.

The body will be stressed. The mind will be stressed.
But this is you challenging yourself. How much impact do you wish to make?

From seemingly nothing blowing the minds of everyone else?

Well.. Then you've got to go thru it.

The success of your mission is a success for you before anything else.

You create. Dream. Affirm. And trust your own creation.
Believing so much that it has to happen.

Then you wait.

In faith.

And it comes to pass.
It's universal.

Non-judgemental and unconditional universal response from a source of energy that is all giving. Not questioning anything. It just gives. That's God.

Completely effortless.

Be that a galaxy. The birth of a new planet. Or whatever you desire.

It doesn't matter.

It just happens. It just becomes.

You can trust that.

Completely.

It's a real challenge to make whatever into a reality without support.

Like making yourself famous in the whole wide world without doing anything.

You need to create something. And this will also expand you spiritually as everything does. You grow in spirit regardless of what you choose to create.

You are the creator.

You can become famous world wide for killing 100 people in a week.

You can become famous for baking the greatest muffins in the universe.

You can invent the most extravagant drug in the world.

Or you can become famous in the whole wide world presenting the most clear communication ever regarding universal creation in relation to universal law all for free with a personal touch which makes it humane and digestible for other people.

I've done that.

And here I am.

I am. Famous in the whole wide world.

Naturally. Why not? My creation is universal.

And all about love.

I am famous in the whole wide world.

Is already done.

I am: Soul

I am: God

I am: Love

Connect with it as to make yourself clear about it in relation to yourself.

And you become what you is.

So what's left after that?

The world.

Catching up.

To your future creation.

As you have created. Dreamt. And affirmed.

Ahead of time.

!

!Yes!

!

God can only say yes.

I feel so proud!

I FEEL SO PROUD!!!

I've done what most people never even pursue.

But all know. Is right there. We all know.

But then we doubt. And fall back to the rules of society.

Which is our own creation made in worry and fear.

Recognize your true nature.

Play with it.

Be friends with it.

Be God.

And you make it all happen.

It's destined to happen.

All from you feeling so convinced about it.

Power of the mind.

If the mind can kill you?

It can make you live as much as possible.

And that's the challenge you're up against.

But the mind is not against you.

It's your loyal servant.

As you are the king in your own inner environment.

The king is secure. Humble. Grateful. And sure about who he is.

Serious about love.

From knowing the damage of going against it.

From personal experience.

Which God does not care about.

God doesn't care about anything.

God is non-judgemental and unconditional.

To God it's just a bunch of things happening.

God is like this to be honest:

A Perv.

Because God is not conscious about anything material.
God is not cognitive. God cannot judge. God is all accepting.

A collection of various feelings.

All of them actually.

God thrives on receiving more.

And does so as is.

So everything is like a non-sexual orgasm.

When you see your kids sing at school.

When you eat a really nice pizza.

When you enjoy a cigarette.

When someone is being raped.

When someone is being murdered.

God is Good.

To God..

It's all Good.

So is everything OK?

Absolutely not.

But God does not judge or punish.

We do that.

SO CAN YOU GET AWAY WITH ANYTHING?

Yes.

If you desire to do so at the expense of true satisfaction.

Someone experiencing great satisfaction in killing other people is someone highly corrupt. But still, God doesn't care. The energy is at your disposal. And you are always forgiven. The moment you commit to a destructive act you are forgiven.

But you are a being of love.

You are God in essence.

So by doing this you go against your true nature.

And you will hold yourself accountable.

Which in a system of autocorrect will create circumstances for you as to learn.

Learn what?

Your true nature.

And if you fight this and continue to go against your true nature you will end up being corrected by a system we have created for people going against their own true nature.

We call that prison.

And when you sit in that cell crying and perhaps mixed with fury God is coming. Continuously coming. Like.. Aaaawww... Yeeeeeahhhh.... OOoohhhh that's Gooood!

It's true!

God is a perv. But not cognitive. So it's OK.

God is just conscious and aware energy.
Feeling the feelings but not knowing what they're about.

Haha! I know it's crazy. God is crazy.

You need to be as to create a universe where everything eats everything.

And gets reborn over and over again.

(I am blasting 'Blast Off!' While I'm writing this btw.)

Know God.

Understand creation.

And realize your perspective.

God grants you whatever as of right now.
Question is.. Do you? You are capable of questioning.

God ain't.

Sunday. March 2nd. 08:57.

And I've had 2 beers for breakfast.

It doesn't matter. Haha..

Do whatever and feel good about it.

Don't judge.

I AM FAMOUS!

In the whole wide world.

If you could stay a little tipsy all the time everything is alright. And that's not about being drunk. It's about relaxing your mind. And just feeling good about life.

Ohh.. I feel so proud.

And you know what!?

I look forward to meeting the love of my life.
And experiencing her look at me with that pride.

Like.. You crazy muthafucka.

Haha!

And I'm like.. Yeah.

I am.

I AM!

Yes you are baby.

Yes you are.

I wish 2pac was here!

I wish Lloyd was here!

I wish George was here!

Yet they are!

Nobody has ever left.
Where are they gonna do?

We are all here.

24/7.

Convenient God has in store for us.

It's all Love!!!!

DO YOU GET THAT!?

Impress yourself!

What's the difference between me and you?

I'm all in.

You ain't.

My love!

YEAH!!!

What do you like? What do you prefer? What can't seem to get off your mind?

Brown sugar.

And I bring it!

I AM FAMOUS IN THE WHOLE WIDE WORLD!

I impress for success.

In connecting with love.

Ever since I was like 9-10 I've been so impressed with dark skinned people.
You know why? Expression.

THAT'S BULLSHIT!

Expressing they hearts!

Not ashamed!

Not scared!

Speaking their heart!

Speaking their mind!

And other people are like..

"Let's legislate over this and have another board meeting while 300 kids die"

Do you know that?

In yer little text book of fuck da fuckin fuck up da fuck?

SNOOOOP 4 PREZZZZZZ!!!!!!!

Lame ass pieces of shit muthafuckaz.

"It's the return of Jesus. And he's gonna be so dandelion pretty glossy hair stretched hands walking meadow all over land and sea"

FUCK YOU.

I am not.

I all about Honeybun. Weed. Beer. Fried Chicken. Movies. Music.

But I do love the country side.

I love nature.

Haha!

I AM FAMOUS IN THW WHOLE WIDE WORLD!!!

Aw man..

What to do now..?

Maybe just keep listening to my own music for a bit.

And love myself.

I've mentioned this before. But I'll do it again.

Joe Vitale.

Famous in everything he did.

But sent a novel to a publisher. Not a word back for I believe six years.
He began to wonder. Picked it up. Read it again. Realized it was a little different
from his previous creations. He was not completely congruent with it. So he read
it again and again. Loving it. When he did. I guess it was once week after what?
The publisher called. And they said: Excuse us but we love this and would like to
publish it?

Accident. Nah..Bullshit.

Connection.

Inside out.

Affirmed self.

This is how everything works.

Confidence.

Which isn't really personal.

You feel confident in the source of all creation.
Which is you allowing for yourself to be played.

And then you do as instructed.

Might seem crazy.

But just do it.

And have fun!

Alcoholic..

What's that?

Listen to my song: Contradvictory

Enterprise sublime.

Cosmonudity brave enough a toe you dip.

Just don't contradict yourself.

Mega man!

Big in your pants or big in your head.

Focus on your heart.

Snoop will listen with his heart.
Robots will hear a bunch of words.

I might try to be drunk all day today..

Is nice.

If in joy? Why not?

- OMG he's stuck in a dream. Get back to reality dude.

OH! 'Darkside of the moon'. I forgot about that track.

Beautiful.

Tha game.

I listen to this like an international anthem,

Such an honor.

Mai Tai.

Presonus.

Masterpiece.

Can you possibly imagine what I've been thru..

I listen now..

I hold both my hands on my heart.

In honor.

Of love.

Do what's right.

It can't go wrong.

Peace!

Watch the wavering..

Of the energy.

Is it tilting?

Listen:

For-Us-Key Da See-No-Man

Hahaha..

And feel terrified.

Some do..

What's up?

What are you scared of?

The voices of fairies?

Everything is perfect.

There is this (I believe polish guy?).

I met these wonderful guys.

On of them grows vegetables behind the university.

And gives most away.

One day he was selling downtown. And I told him I would buy if I had some money. He picked up a bag and starting filling it. No worries he said. And he gave me everything for free.

You can't dispute the voice.

The voice of love.

- But it's not that simple. You need to..

As I said.

Shut da fuck up.

We can make everything work if we do not compete.

'BOO-G!'

The economic system is built on a lie.

That's why it doesn't function.

We are supposed to be happy and enjoy life.

Give me KRP and I will make it sustainable on its own.

Make music!

- Well music doesn't put food on the table.

It doesn't?

What is vibe?

What is good vibes?

Can you feel the music without music?

That's the key!

Can you enhance it and make it greater with music?

!YES!

Life is music.

God is music!

Love is music!

In perception.

Because I am the closest.

Adversary.

Advocating.

Busta..S

'DREAMWEAVER'

Why isn't cursive tilted to the left?

Because it feels like a hold.

The left hemisphere of the brain is masculine. Rational.

The right hemisphere of the brain is feminine. Emotional.

That's why.

We don't like holding on.

We don't like going back.

But we linger in what was beautiful.

That's understandable.

We love.

Thank you Mahmoud. For being you.
