

The ultimate betrayal:

Not being here 💖

Come back!
I'm sorry!
Please forgive me!

I love you!

Whos fault is that?
That's no once fault ever.

Oh I miss you.. 🌸

Thank you 🙏

- That's alright. Just stay 💖

Don't stress.. Fuckin' wit da muthafuckin' mind.. I figured you wanted 2 know..?

Why we call it love.

(Ask and thou shall receive)

And still it's like.. This sweater, this temperature..But the wind is? And when the evening comes?

Let's feel for it.. And adapt nah mean..

I want love! But why am I not receiving it? Why do I feel sad? Why do I cry?

- Because you are behaving ungrateful

But I wanna feel grateful!?

I feel like I am not getting all of this together..

- You don't have to. Rest and let things fall into place.

Sometimes we find love in a hopeless place. Or so it seemed.. 🌸

Spiritual is emotional. Eventually you just have to let it simmer..

I cry now. My heart hurts. What I choose to image is someone saying they'd wanna do something with me sometime?

And so I turn those tears into:

With me! 🥹🌸💖

Thank you! 🥰

The root cause. Is fear of being neglected. Which makes us feel unwanted. But truly we aren't. Just make friends and say & do nice things.

Give is Give 🌟
