SEE THE GOOD IN EACH OTHER
(I HAVE TRANSLATED GOD DAMN SANSKRIT & SHIT FOR YEARS)

..GIVE ME A BREAK KITKAT..

Oh Mary..

När jag tror på mig själv så krävs ingen övertygelse

Det är bara sant

Sluta inte lyssna på dig själv

Tack Goda Älskade Gud!

This was written in deep relaxation whilst convinced myself to believe I am

All

With help from nature which is myself.

Brown this time 😊

Don't cheat on yosefl, treat your high self

Jag sitter i solen och njuter av mig själv

Creating my own joy. Not in fear, of my own success story called Destiny's Child

Du är skyldig att njuta av livet, gör inte det till en skuld historia

You don't convince yourself all emotional. You gotta state it as well

Heart and mind congruens

When a good mix drops

I dont enjoy negative expressions but they are a part of nature and become necessary as to correct from wrong to right in the life given context

I am. Intuitive

Do everything for yourself, then give that away

Seem crazy? Haha yeah and funny 😊🌟

Love errthang 'bout yo'self

Jesus did not forgive himself

I forgive him and thus forgive myself

1000 year reich in light & love in effect!

..and yes. You are forgiven Marry Me Feminine Side 💕💕

You cannot give what you do not have. I could not forgive my father as I previously had not forgiven myself

He is now forgiven

As well as my mother

And my sister

And daughter & her mother

And errbody else 🕊️❤️😘💎🎉

11:11

Thin bible huh? 😏

Jag är fullständigt för låten
Låter så i förväg annars blir det fel

All previous efforts that failed was a good try. But more ego than heart given the lack of being intouch with divine timing

They thought they where someone else than who they truly are and forever will be. They thought they where Jesus. I don't think so at all. I am Leo. Christ Consciousnes.

Can you be that too?

Yes. You can ✨

Why did I marry dysfunctionally?

I was your about my own perception which attracted someone close but not really all they way. Could we have made that work?

1000%

Growing together 🌍🏆💕

Where was she when we met?

At that spot 🇸🇪💋🌸💕🕊️🙏🇪🇺

Did we know that? Nah..

Could we have learnt that? Yeah!

How?

Talking open about everything to make things clear. Without judgement.

If we don't know the difference between sex and love. Touching someone's genitals. Becomes a certain degree of sexuality.

It depends on where you are in your development. And why you had kids.

To sooth you craving for love?

It doesn't work that way. That's abuse.

You should have babies in love.

Not in fear of being alone. 🌸💕🕊️💕

You are forgiven 🇸🇪💋🎉💕👉🎵☀️

How can we prevent this?

Do what's right. Stay true.

Don't confuse yourself about anything.

With a strong urge you will act upon that. Close to overriding your own free will.

Or sometimes all the way.

You are also, all forgiven 🇸🇪💋👉💕🥰🧠

We should all show affection and kiss all our babies. They need that 💕 butt, not with lips of confucius.

It's an energy transfer you don't want to give. It's theft. Leaving the robbed feeling guilty.

Anger is always in relation to blame.

Don't shout at each other? You are in the same boat. It will tip over and disrupt the sea of infinite possibilities.

I was that kissed baby.

You see my journey now I believe?

But you will never experience it. Unless you go thru the fire of illusion within you. As there is nothing you understand without experience.

Be humble. All is good.
Do right. Self control.

Easier said than done. So do it.

By staying loyal to the art piece that you iz.

Wizz? Sure. Errbody is! In they own way.

Get inspired! Not the other one.

Come to God. Realization. You are.

I am.

Where are you? Close your eyes and say:

Here I Am

With focus on your heart 💖

You are not supposed to eat shit.

Butt close 😊

Enjoy! 🎉🌞🎵🏆💖

11:11 = LIGHTS ON!
But we love cozy 😊
