

Victory!

Jag hör ljusare på höger och dovare på vänster. Ingent tangent. Slår sig själv.

Förlåt för alla misstag 💖

Min ton 🌸 Min kärlek.. Fri

Guds vilja är välvilja. Endast.
Så låt det ske! Wish is now yours..
I release my work to be experienced.

Now.

Thank you! I am welcome! I love!
I trust! I feel.. there4 I am 4ever 🌸
Don't ever feel guilty for doing what you feel like doing.. Live free promised child
💖

And the Universe will respond now as well.

As all is now 💖🌌🏆💎😇💋🕊️⭐

I have all.. No lack. Nemo Seagull Claim.

The greatest opposition =
The Pope. Higher than God.
Which is as false as they come. Liars..
The Pope is the Devil.

Prime numbers are only dividable by themselves or one. Which makes all light.
Prime creation. Flawless in nature becoming.

The negative frequencies has the order. And the light has the opportunity. A perfect order attainable by allowance. Trust. Faith. Grateful for being alive. And all shall be added onto you.. Self affirmed.

What is affirmed as judgement puts a hold if only temporary to a continuous stream. Won't ever happen. All you give comes back to you. When you are ready to once again receive. Give yourself.

Excitement .. Gives 😍😇🙏🌸⭐🌌🖼️
With no judgement. No guilt affirmed.

All free now 💖

'Ett nytt liv är kärlek på riktigt' - Jimmy (Soul brother)

Så är det! Real = No lies
Security = Conviction = Promise

Destiny
It's all easy. When we are is as is..

Dreamy..Sensual.. Calm.. Kool.. Good 💖

And the source gives all as given 🌸

Do not stress shit. Literally. Accept it. And let it go.. You don't have to push it. The breathing takes care of that. When deep and calm. All in good time.

Which is you having a good time.

So have a good time 😊

You want shit to leave you. But if you fight it? It will make a mess. And become a problem. But shit didn't do anything..?

So who's to blame? Nobody. Just see your own ways of dealing with shit. Your shit..

Victory is mine. As in self perception I shine.
That's all necessary. Or else false.

I am. The creator. The dreamer. The believer. The connection. The giver.

And the receiver.

I am 🌸

Any opinion with negative energy is a form of hold. Held for a long period of time is a trial waiting for judgement which does not exist. But becomes a reality for the one not doing right for themselves in relation to God.

So appreciation is supported as to become ready as loved. Instant given good experience.

I miss = sorrow = lack push
I desire = joy = attraction pull

Electromagnetic fair & juste conductivity.

You get watt you give.

So watt do you desire?

Universal response. Realtime. In relation to timeless love. Which is is conscious aware and relaxed focused attention. Just is..

What God continuously gives? Is absolute reassurance. Then it's up to you as to rely on that reassurance. Which is dependable without question and possibility to fail.

Can't happen. = Love Love

I feel like most people suffer love. Which in relation to not having it. And that's a misconception. As all is love. So the attractive communication to receive love without lack? Is joyfully receiving it from everything and everyone. Which is in nuance. But still cannot be judged as compared. So you can love a friend as a pet as a plant! Equally much. But a friend is someone you can deepen your relationship with, far more than a pet or a plant.

Love and bless. Bless and love..

All is happening for you. Never against.
Awareness makes this transparently visible.

To find yourself? Is to be yourself.
Living free inside out.

Like, Here I am! 🌞🙌💖🌸💕💋💎

Say thank you to your own creation of being just you, return on investment!

Thank you for what I is.. As I am.

What watt everything is truly about? Is a suffocated expression. Being very calm not stating anything. And in complete order and structure is not human. A human being needs expression! It knows all! By heart! And cannot lie to itself. And only benefits from truth. Honestly. In relation to freedom and pleasure.

So let all expression sound! Let it all out!
And you are free to good to go!

Express your anger and sorrow.. let them sound. But also tell the Universe what you desire! And when you feel deserving. It's yours. Which is whenever really. If all drop everything for just about a minute.

How would you feel if everything was resolved right now?

Grateful huh? 🥰

Thank you!

I love you!

What's important about all type of conduct is that none of any is affirmative as defined to be. Nobody is anything. The body cannot be anything it is not. The mind can change. And Love remains pure..

Always free. Always worthy. Always good.

And this we all wish for most of all..

Value in experiencing. Which is pleasurable when positive in contrast to negative in terms of light perception identified more or less as to be true nature or not.

I am light. That's all I am. Light feels good. Really good! So we call that love.

So be real.

Ultimate. Ultimatum. No question.

This can be affirmative as a judgement. Settling the score by being light for real.

And that's how the Universe exists.

I deserve to enjoy myself being self inspired not knowing and/or noting any difference about myself. All keys sound good! All is context and mood.

What beat?

What speed?

Tempovision.

Love is always on time.

ToTo - Hold the line? Great music.

But curse.

Terrible lyrics.

Staying alive?

In contrast to all the dying?

Have you tried living?

There is only speed adjustment really. The impatient lives ahead of realtime. The anxious lives with history.

Both create pain. As both create tension.
Peace and all is well is right here right now.

Which all can receive. Right now.

If we give peace a chance. Which cannot be created. Peace just is.. and in that peace.

Is all love. And order. Naturally. Things come together as they should. And that's destiny. Which does not stretch across this lifespan. Nope. Many.. for sure.

This is the human experience. What comes next might be another one. Or some other experience? Depending on if you did right for yourself and others while loving on planet Earth.

Love is life. Life is love.

I want so much! Love! I want so much love that I won't ever feel out of love! And I want that now! And this I give myself. From not feeling sorry, because then I rob myself.

That's a bot. A robot.

I release all my resistance because I feel that all has served me well becoming being I is.. without it 💖

Rejoice!

Life is mine! My life is mine. This is bound to the time I've got. Given to me. And so I cannot return guilt. And expect to feel good.

I need to give thanks.

All we need is love. And love has to be affirmed or else it goes away from the perceived experience of emotional sensation presenting pleasurable enjoyment of live show goody.

What is a man? Well that depends on the definition.

I consider myself to be a very loving and kind human being. I wish for all to enjoy life without competition. And I am happy and social doing it with an open mind as to be intrigued by an interesting non-judgmental conversation. Preferably dreamy. And I love to eat. I love to listen music that makes me feel. A good cry is the best often times. And my best friend is her. As I love and adore her more than myself. Which is alright and naturally designed like that which kills my ego as I volunteer, in surrendering to love.

Where is the limit to what I deserve?

I ain't setting any limit on love..

Ever again.

Do that and you won't have anything to eat.

Live free and you might have a difficult time breathing. In a very good way.

So the sympathy makes all happen. Because it recognizes the journey and sacrifice. But does not condemn anything about it. And thus makes for attraction.

Feeling proud for an accomplished return to love. Which pays off for sure. As love is all there is, giving life to anything and everything and everyone is the entire universe!

I feel so happy to see you! That's a good foundation. I am happy to be with you!

So happy that I sometimes cry as I tell you I love you. Because love is sometimes overwhelming. It's always more than itself as to be continuous and never fade.

I have a dick. But I am soul.

I want mature. Not afraid. Secure. Adventurous. Calm. But hungry. And free..

Joy! All about new.. As we can never judge each other and become together. What we is.. Love.

Someone who is free enough to let it all go and just enjoy everything..

With me  (No stress, I love Cozy)

I need to believe that you exist.

And I do 

Omg we love each other so much already!

Inhibitions are only for the one with shame, guilt & fear. The free lives free.

And enjoy all. As much as possible.

Living a life in gold. From the inside out.

No tumbleweed!

What are you really nervous about?

Performance. Always. Which is no need?

When you feel secure and authentic as is!

Trust live to guide you and to make the best from and to itself 🌟💖🌟

How we I be able to handle her!? You won't. That's the beauty of her. She can't get enough of you. And you can't get enough of her. In all ways, all day. All light!

We. Are so fun loving!

All good!

Don't forget! Don't judge! You are also an animal 🌟💖🌸💖🥰🙏💋💖🎉🌞

So my pressure is my precious. I just wish to give you love all the time. I wish to feel love all the time. And share it with you.

In all moods 🎁

So I don't need you or desire you all busy.
I wanna be with you. So I gotta be with me.

As for us. Always good. Is..

Calm & Kind. It's all great actually!

..any contradictory history? Drop that.

Now ☀️ Gone!

Let's meet up!

You've got my number. It's the same as yours only inverted. 0738-959965

Any idea of you torments me.
As this becomes judgement.

So I release you from my precognitive experience. As to let you come into my life as you is 💖

I really have no idea..
But I can choose to have them by infinity.

Same goes for all.

We make security about food, about home, about money..

But you gotta be sure about what you desire the most. And focus on that. Which gives you such a wonderful certainty. Of love returning without question. That's trustworthy.

I am worthy of love! Shall be expressed in joy and certainty. Zero Tone In.

No consumption of any thing else but truth.

There is no such thing as refusing arrest. All deserves to be free. Arresting is control. Yet all desires to live free. Which happens when we do not judge. And that is way way long before any type of consequence being manifested as a shared experience of wisdom.

It just depends on how stupid things get when all stressed and frustrated. Trying to work out what has been allowed for in contradiction for so long.

Lies.

The stupid person? Is the person not owning up to their own success in being good and living well. Inside out no doubt.

And all is given 🌸

The soul is not touchable if not by another soul. So there is no possibility.. For any spots on what is perfect.

Spirit 💖

I wish to do and experience all. And I like to keep it fresh. That's all good! In joy = Enjoy.

Enya feel me?

Another slow day? Not much happening?
That for your greater good. Enjoy that..

Before life becomes everything you've dreamed of 🥰

I am feminine. She is masculine.

Together we are love 💖 In harmony 💎

I am all peace & love. But I will fight.

To defend myself. Nothing wrong with that.

I can never be guilty for defending myself.

So don't attack me.

I cannot be attacked in spirit anymore.

The light is now too strong. Which it has always been. I just uncovered it.

Everything is good as I make it.

A partner is not a groupie.

But a huge fan! 🥰

More wind! More win! More in! Love 🌸

I appreciate!

I love! I bless! I thank! That's shine!

So much but no need to perform as that would be false to actually being all without judgement.

The ball of yarn is ours. We made it. So we can unravel it. Miao.

The refusal. Is to never believe an act to be real. As all is simply behaviors. You can stop and act differently at any time.

What do you got to lose by enjoying yourself right now? Resistance. That's all.

A strong capable man! Not taking out the trash? Who da fuck is he?

A woman too good to touch trash?

You ain't for me baby.

Samwise says. You can do it Frodo.

So be wise. Same Tone Light.

Merry 💖🎉💖

Nobody is a junkie. Nobody is president.

Nobody is anything.

When you say you are the President. I look at you like you are very important like a young child. But in defense regarding what is right. A task a healthy 5 year old can manage. Which some in their 80's are not even close to behaving like.

Should we throw them a baby shower? 😊

Look! How sweet and innocent! Look how cute they are! The little presidents. Koochikoochikoo!! Hahaha! Rascals..
And all theyz Smiths.. oh mama.

Look at me dad!!! Look at me!! I am good! Aren't I?? Daddy!!! Mr Prez!!! Grade me!!!!

Infants. For real.

Wearing suits.

How is it that she can tell what I wrote?

Because we is one. And we approve each other in holy connection. Which means we approve ourselves and then just connect and love each other. That's the twin flame connection.

So all of what I share is my own comprehension of not becoming something golden in performance. It's about me clearing my perception and thus aligning with my true image. And thus we connect.

I can be someone you don't know at all if I make you uncomfortable. Who makes that happen? It's me. Not giving a shit about you not being positive. I don't feed the cord leading to the bomb with any of my energy.

The tricky part is being excited but calm.

???

Feeling joy and positive expectancy yet kool about it. That's actually really good.

People love. Believe that.
Believe them to be good.

As all is amice..

Just a byte.

You can smile without touching your teeth.

I love to see that 💖 Makes me wanna give you all 🌸 / God

PS. Have you ever played da fool? But happy? Try it 😊 Just like.. I don't know..
😊

Peace is the most wonderful. Yet makes people uncomfortable. Why is that?

We fear and become tensed in relation to the unfamiliar. That's how little people know their true and authentic nature.

Of just being without thinking about it.

The fear is loss. Loosing ones mind if not active. Which is the ego identified as real.

Leave the mind alone. And be in love..

With whom???

With love 💖😊

Silly.

Do you ever question if you thought something or said it out loud?

Who has that idea? When the thinking mind is so certain? And the sound is obvious in vibration experienced from the outside in?

Or what?

Can you really tell?

I can't. And I don't care.

I don't worry about it.

When I speak out loud, or when I think is all the same. For us 💖💖 My honeybun 🌸
💖💖💋

We give each other a complete experience.
Close to compete. That's the game.

Mainland in Swedish is called 'Fastlandet'.

That's a moronic expression.
Nobody is stuck anywhere.

I could really use some peace and quiet now.. Then give yourself that. Relax.

Drop tension.. allow.

And Aloha soon 🥰🌸💖

No One is God is God identified. Which is cognitive. Yet all is God in shared spirit.

What is property? If it owns you?
Are you free then?

Do you remember last week super clear? No?.. so why holding on to anything behind that?

Eyes lies. If in flight.. or tensed in false act.

True is a little bit shy 🥰
Grateful and sweet 💖💖

What is mature in relation to physical age?
And how do we combine that with gender and nationality?

Any ideas? Give them to me!

I'm takin' da trash out.

I am happy! Positive! Polite! Giving! Good! Kind! Fun! Light but with real sugar!

So I must be gay! Damn right! 😊

And I love women! 💖🌸💖

The fall of American democracy is the inevitable fall of a foundational law. Which is in relation to perfect universal creation. A house of cards held in ego pride. Not very democratic at all. Talk is cheap.

Imma show up at the protest!

My sign reads:

BooYaa!

I want the best for me. I do not wish to compromise love. Only understand it more. The security of justice is a manifestation of insecurity. Which is all about an offset identification. And thus makes for performance trying to maintain the act of what can never be.

So state. Affirm. Believe. Know.

What you is and be that..

Be love now 💖

I do not consume anything to relieve me from physical pain. As this means I will miss the guidance of what it's trying to tell me.

I have no pain all in love. Which is all about us. So drop what has been. And my pain disappears..

What we really want is to let go and just enjoy everything about each other as us..

Everything is alright. In that set and setting.
And from that a life long desire to go on a jungle safari might subside a bit..

New Ah! Mean! 🎉🎉🎉

In that mood. Don't be shy 😊

Total acceptance and freedom can only be experienced together. In appreciation and pleasure. As to be of the greatest most pleasurable experience. Next to living happy by yourself.

So lovely! 😍

We form a bond of vulnerability. Openness and trust. And in this we receive all. From the core of us being one. No judgement between us.

Love does not compete.
Do you know love?

To slow your overall stress rate. Talk well about yourself within in slowmotion.

lllll aaaaammmmmmm llloooooovvvveeeee 😊

Milk & Honey.

Like the ocean.

Salt and sweet.

No bitterness..

Bitterness is natural in relation to loss.

Or else we won't continue on by feeling tricked. When we all know love without question. Always. No lies 🌟

We can give ourselves away completely when turned off. That's not pleasure. We can also give ourselves away completely when turned on! That's pleasure!

Do you use BPM-Sync? And or Auto-Tune?

I don't. 😊

What is too fast?

Too fast is not deserving. Which is not by effort in performance. It's by connection to feeling worthy. Which does not need anything and thus deserves all automatically. Automatic Lover.

The Real McCoy.

It's all cute, adorable & sweet what you do. And little salty. So why be so serious about it which invited the bitterness?

Coward somewhere? Yepp. Sure is.

Afraid of the real.

Truth.

'I'm not like that! And so I judge it to prevent myself from experiencing it'. 'That way I hold myself in place, by rigid tension of stone love'.

Sound good?

Nah..

And then these people perform and destroy society. Behaving narcissistic in ego ID..

A hair short from their own salvation. Which is found in the contrast of lies.

Wow.

There is a cord connecting us. Always. That cannot brake.

We are bound to each other.

So nothing matters.

At all. Any time. Free time. Now time.

All just is..

It's like you focus so much on what is given to you that you have difficulty giving it to yourself. So how to do that when it's not s performance?

You feel worthy. Deserving.

And in that allow which makes love free to be enjoyed.. You don't have to think about it.

You don't have to anything.

Give yourself all. Rest. Food. Music. Wind. Water. Sunshine.. Just give as to live.

Take credit as in receiving..

What question is between this?

And what is that question connected to?

With whom?

Ok.

And they are just like you? Exactly the same always? No? Ok!

Good then.

You are free.

To receive 💖

Everything is going great. All works out. Good things happen. All gets better.

And they do 😊

If you bring all the sex in the world!?

..I don't want it if not with all the love.

Love first.

I am all love now!

I passed the exam! Wohooo!!!

From misconception and false ways projected on me!! That's a job well done.

Truly amazing.

How do not be confused and consumed by all that darkness? You gotta be a little nutty.. Just like God.

I honestly feel a little sorry. For those whom cannot be with me as she will.

Which is... what is that? 😊

I wish! For all to be with love as much as possible. Which is to not judge.

I feel her so near now!

What's the holdup?

Fear..

Of what?

That she's dead? Or dying?

I mean what?

I am afraid that she is no longer with us..

What if she's not here anymore?

What if she's not coming?

What if everything is going according to a foolproof plan!?

It is.

Maybe I just had to grieve her for her?..

I did.

I am nothing. Without you.

Together.. We are all 💖

My human being is alive.

When that is over. I am just live.

She might not be here yet? On earth that is?

I'll keep my mind open.. 🥰

No. Not as in not yet born..

Maybe she has a spaceship?

Imma have a shower now.. And a shave..

2morrow is payday! For all queengs & suckaz.

Americas number one error.

Is claiming to be the most and best..

Which cannot exist. And so they loose humility before even experiencing it. That's why they are so grateful in relation to cars, houses, money, stuff, candy..

God outside. Life outside in. Error.

God inside. Life inside out. Green!

No separation and no separation anxiety to struggle with.

Make LOVE great again!

Si 💖

I am fine.

She?

How to describe with a word?

Galaxy.

I can't think of any grander.

The amount of stress experienced is in relation to creation yet not coming to attraction. So it's necessary as to feel the urge of somewhat urgency at to do what you feel you can and need as to come closer to attraction. Which when happens becomes more of an experience we feel as positive expectancy.

And from that we connect.

Love with Love.

Ready as can be 🇺🇸🌸💖🙌🇺🇸🌟🙏

A feminist is wrong.

Just as someone left wing masculine is.

Off balance. Wrong ID.

What troubles us really is the unknowing of exactly what and when and how. Despite us all knowing. As we know by intuitive sensation without thinking about it. Sensory perception before logical structure.

No matter what! Keep that good feeling.
Connect with what you wish!

Be attractive to what you desire!

Cry if you feel you need to. Let it out.
But come back to grace in whatever place.

Vacuum sensation? Stuck sensation?

Walk. Just walk 🙌

It's a jungle gym. With love safari reward!

Whatever you say? Becomes without any contradictory feelings. What is told in honest certainty is the equivalent return.

What is so good? Must be true.

Nothing is ever too much. Limitless.

Why we see flaws is good. We need to be able to spot a hole in the ceiling for instance. So we gotta care for it. Find beauty in differences. And appreciate what is different instead of judging it with comparison. As comparison is only a fragmented technical aspect of all of what is love.

The joy is always there. It cannot leave you as you is it. So with focus on it for no reason, it becomes the experience.

To this say, Thank you. I love you 💖

It's all good 🌸😊🕊️

The one for me is the one for me.
Both the one.

How can any of this be possible? Without dreaming..? It's not. That's a Russian Roulette like we all witness this current reality.

Why focus on death when life is about the opposite. If not the desire for what is hurting could somehow go away. Which it can! But not from holding on to it. So allow for sorrow. Allow for feelings of sorrow and anger to leave.. and there she is
💖

Love 🌸

Why do anything for anything else?
What is success if not for all in love?

We receive WATT we deserve.

What makes someone go crazy? Like doing the craziest one can do and kill themselves?

It is knowing they are love. But not receiving it like they feel like they are supposed to. What drives me is the knowledge of God. Which is the knowledge of Love Supreme. What keeps me where I am is trouble feeling grateful for just being. I seek affirmation as to make my rendition into a new experience based on what I know is possible. I can't control anything. I cannot decide my destiny. But I can roll with it.

Which is to gladly accept all situations and circumstances with the comprehension that they are all designed for my liberation. How can I know that? Because that is the knowledge of God. This is what a soul beings main wish is. The soul intention. Which is not personally owned. It's not even personal. As this wish and desire is the foundation and creative power of God as one.

God is Love. And Love is Free. Nobody can ever change that. But we can ask to receive what we desire most and from there we are on our path. The path of liberation. Which is all about dropping what has been. And the promise still stands. The dream come true is always there waiting for us. Love has no violence. Love/ God has destruction. But that's all necessary as things come to an end cycle of what it was destined to be.

I just wish to live a life with what I need to get by. Sharing it with someone special for me. Someone like me. But more beautiful. I wish to share the knowledge of God as this is what I am. I feel what is off and from that get instructed from inspiration as to deliver what is needed in relation to confusion. I give awareness. There is no other quick fix but to make amends. Truly.

And where we are right now people commit suicide and genocide. All the same expression and all for the same reason..

Which is based on truth that love is free and all are worthy. But still we make a living working ourselves to death to build a machine that was broken from the beginning which we now try to make more advanced. How stupid is that?

Why add to a system of failure?

When there is absolute glory right around the corner. All given. All forgiven. All wonderful and magical, Love.

To have an idea and to stick by that for thousands of year clearly presenting an experience getting worse is something not right. This is evidence enough.

All for a sum of money.

A momentary fix. As to make a single individual or a small group of people live "good"? The majority work like slaves to make the machine of corrupt society function. Which goes on as long as we work from a deceptive foundation. Which is today based on the counterintuitive law of destruction. We are not constructive.

Perhaps this is why we build shit all the time? Perhaps this is why we create and manufacture nonsense day and night.

Trying to escape our true calling. Which tells us so strong that if we follow it we shall live in abundance and pleasure. But we don't trust it. We don't affirm it. We cry to it in separation and define ourselves as victims of life. When life is love and nothing else.

Which only wants well for us and even better every day. Delivered without demands or strife. When we simply slow down, live in peace as to live like new each day. Dropping the past completely. And just receiving.

Dystopia is a creation of dysfunction. Which is a projection of an environment not aligned with truth from the inside out. We cannot lie and expect live. We cannot be angry and loving. Love gives itself. To itself. Love just is..

So the real reason behind the madness is feeling mad. About the world and society not being wonderful yet blaming every single thing on something outside of us. Judging others. Condemning. Killing. Being victorious from using other people as to superficially look good. Like the most immature teenager with a rage not expressed. That's how I view all countries in the world. With babies in suits so serious in their act it makes for a world of submission.

The power is ours. The people. Anyone not on the same level? Is not of the people. They have placed themselves there. It's a manifested dream. As the are larger in mind than heart. By choice. Focused energy. And we celebrate them and give them our responsibility. Then we hate them for not doing what is necessary in society. And seek to elect someone new.

But all we seek in this behavior? Is the new us. Free from history. Taking the responsibility ourselves not to waste any more time. On shit..

To all of you whom suppress & judge other people and do not cherish life and love:

Fuck you. I fucking wish for all of you to die.

I am doing the right thing. And people call me crazy. But I know why.. Because that makes you able to continue. Living the lie.

You weak. Coward. Bully. Scared of the truth. Piece of shit.

But you don't hear me though. To busy! Feeling sorry for yourselves. Yet getting married and have kids. Not truly ready for it by a long shot..

I know. I've been there. All I share is from a grand universal perspective in conjunction with personal experience. As I never stop to ask why and how come?

The knowledge and voice of God. Is the voice of acceptance and reason. Clear light energy that gives us all we ask for.

And we keep praying for more shit.

Like a fucking moron.

It's not easy seeing the path with road rage. Which is going to fast and holding on. Life is dear. Let it be.. let shit go..

And all is good even in da hood.

I feel anger. I feel sorrow. I get furious. I cry feeling hopeless..

Because I know by heart. My heart knows. Love always knows. How much better everything can be. Without as much effort..

And this kills me to be alive.

That's a society so functional. So theoretic. It suffocates freedom with invisible force of destructive nature. All invited by choice.

From all waiting to die..

If you believe in this being a little stop and then paradise after this. I can absolutely assure you that it comes. But without any thoughts. And by that no personality and cognitive awareness necessary as to enjoy it like hugging, eating, dancing, painting, breathing, kissing..

So again. Take your ideas. And fuck off the planet. I am love.. This is my true nature.

But I fucking hate. Liars.

I celebrated in joy, the death of Pope whatever fucking number. The greatest fucking bitch on earth.

I am not saying I hate lies. Because for them to exist there has to be an initiator. A maintainer. A sustainer. An energy source. Which going against itself. Proving themselves to be superior over others.

Like any Priest, Doctor, Lawyer, Attorney, Judge, Police, King, President.

All very small. All of them.

For me? All of them combined?

One grain of sand in the entire universe.

God agrees.

Daily morning prayer request:

What can I do today to make things better?

I have not heard of that in any religion or government guidance at all.

Because they are unholy.

What I give is heavy. Because you all resist.

The guilty? Is always the liar.
Not being true to themselves.

The one continuously judging?
Is the guilt projector.. Scared of their own light.

Love for a brother, is the strongest thing there is. For this love. Is free of any negative charge and misconception.

Friends with love first.
Then all the goodies.

Do not condescend

You cannot fool a fall.
In what is always love.

It's a legacy. That continues in nuance.
But what I wish for is blinding light.

One fucking flash.

I am a secure man. I am also a sweet little kid. I am a horny teenager. But most of all,

I am Wise.

Nothing I receive is like:

Fuck yeah! I'm da king!

No..

I receive like: For me 💖 Oh! Thank you!

We can be grateful and humble at the same time. That's the best! So I don't need to be that.

I just feel it 💖🏆😍

What it comes down to is allowing for loss..

And then you make it (like a Ross)..

So the word of God, is free.
