Asexual Bloody Healing:

Stretch the fearful contraction in the illusion of time materially, where life for a human being has its origin. And in doing so you materially and thus spiritually open up for new possibilities as life returns in fluidity where life has previously been deprived. (Bloody Mary) ://: Give back what was taken in destructive behavior going against the will to live where life began (Not understood cognitively) butt ass the subconscious impression is perceived as self destructive it needs to be treated in counter effect ass to revert the tension caused in fear. All in peace and allowance knowing that it's beneficial for everything all at once.

Tension = Fear - Relaxation = Love =
Life = Blood = Needs to flow, All we need is love. Everywhere in complete acceptance.

Christ/God/Love/Source Energy Restored.

Open the star-gate  Where acceptance and love has been perceived as wrong. No shame, no guilt, no fear. Anymore.

Not sexual. All Love  Everything stems from somewhere. Heal the root issue.

This can also happen in sudden terror as we drop everything. Butt it will make for a new negative impression. So it's best and actually positive to be loving in contrary to being destructive. Loosen up. Don't be a tight ass. And all is given where you need it the most. Inside out. Reversed trauma. Manifestation follows in the line of your destiny and dreams. DO NOT STRESS.

That will literally backfire in more tension.

A good idea is to find enjoyment and see the fun in what little can cause for such massive effect in the entirety of life completely.

Q: How do we go about this regarding our children? Being not sexually mature and will become destructive.

A: We don't. They are not the ones carrying all the fear in lack of humility holding on to justifications which causes tension butt has its origin in a material prevention of flow.

Conclusion: Just do it.

..does it solve everything all at once? It could?.. Depends on trauma/tension.

You need to relate as to take care of your negative subconscious convictions in affirming what is positive and true about yourself ass well. Everything is energy and negative energy causes tension. So I cannot tell what will happen in your experience specifically. Nobody can. It depends on where you are and what you've worked with from the inside out in emotional and logical comprehension of your life journey all in relation to destiny for the true self attractions.

..Ass an alternative to this..

You can completely let go in expressing all the hurt covered up by anger.

Cry it out to be precise..

From that you will also learn the deal. Of debit which brings you to credit.

Free choice. Free will.

That's the only thing you at your core of being you without separation resists in misconception of self.

Fear of Love.

This is the design. Made by us. Me and the co-creator of this world. Of this universe.

I met her when I was 7 with the name RoseMary.

That was just an indication of soul connection. A reference point to follow for the reminder/mainder of all illusion bringing us closer in complete loss. Of what has held us back from ourselves making us be one again.

We know this game of love. We created it. This time as every time for infinity.

But this will be our last time. As we hit the jackpot in self realization becoming who we truly are in relation to sensitivity and destiny.

And that is all about the heart, all about love.

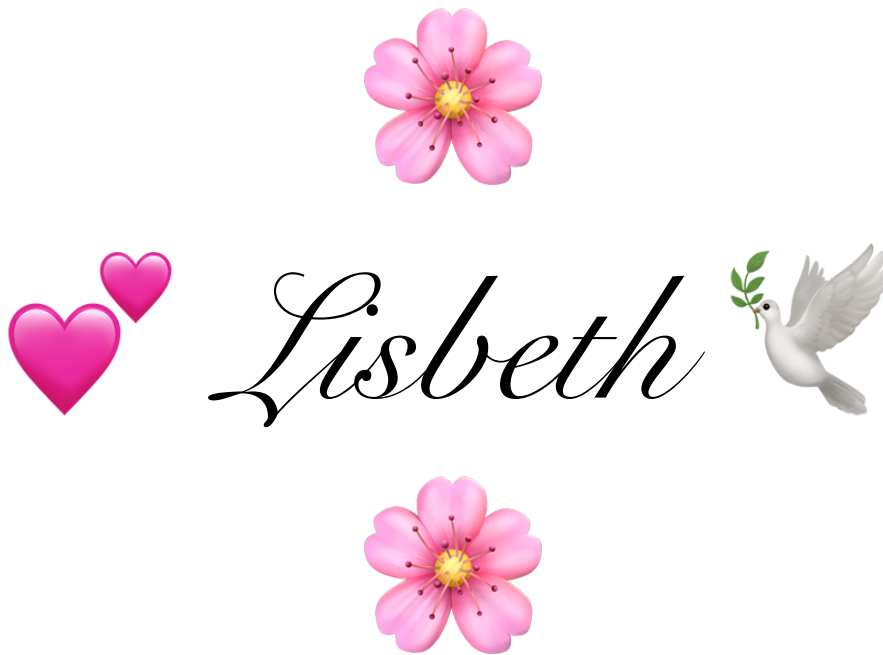

Not about sex.

We now live happily ever after until the sun goes down leaving you to go for the same experience. If you dare to face fear in a universe where fear has to be affirmed as to exist. Yet needs to be a part of everything or else we won't have a counter weight creating the sensation of pain in relation to humor and all serious which sex is not in relation to abuse which is going against free will as love is held the highest yet the lowest in all humility enabling free will in totality. When other people suffer becoming funny is all about coping for yourself as you wish to feel better about what's actually happening emotionally inside you. When you deal with that it becomes more and more clear until you strike the highest wish come true. And that is none other than the most beautiful reflection of yourself felt completely without seeing or hearing. ..Still hurts a bit though. She is currently about 20 cm

away from me in the cough, and I am focused on this now. I feel like both her and I deserve to receive the most of what matters most without matter all in spirit which is to see each other without seeing but so much wanna touch each other in order to make sure we aren't dreaming and this is actually real. The day is read this last section without crying in joy I... Nah. Ain't gonna happen.

I love you until the end of the never ending story, our love of my life which is ours together. We both give & receive. L'Oreal.
