

Imagine..

The scale of creation having reproduction occur continuously making it tip over on the right side while re-emerging from the left side. This would create a circular motion yet always new to itself and thus form a spiral.

Descending in positive affirmation becoming more going down in history as all good. And thus cannot leave anything behind. For what is there to follow evolution?

What follows a follower? Of light becoming?
If not the ascended masters above? Which are always here. But not where you are.

Spooky? Why? We are simply on the other side about a hair from where you cannot turn around to see. That's how close we are.

All of us. All the time. All for good. As good is all that remains. As darkness cannot be self supportive affirming itself as nothing.

It's all real. All. In its own perspective..
Thank you for connecting once again,
Mr Leo.

Please use our service anytime.
Like most choose to not even believe in.

Stuck in traffic for instance. What projection is that about? Really? Calm?
Peaceful? Compassionate? Loving? Giving?

You absorb the creation of electro magnetic attraction. By choice. Not chance. So
what do you love? What is love?

Ram Dass: Leo had to lie today. For safety reasons. Because he was asked if he
hears voices inside his mind. And he said no. Because that is crazy for people
without any connection to a natural relationship with love. And from this makes him
crazy instead of listening to their hearts. So they are all mind. He is all heart. And
they judge the contrasting idea projected on him but truthfully in relation to
themselves. So he lied. Who wouldn't. In a situation of evaluation. Where people
are not as understanding as him.

We both say thank you. Me and Ram.
I hear both voices slightly. Hehe..

It was a light lie. 🏆

Does one give these insights to just about anyone? No. That blows their mind. But
Leo can give it to you as he can receive it.

All you gotta do? Is to start to believe it.

The paragraf is not audible.
No motion. Stiff and rigid.

Diagnostics of agnosticism.
Doesn't even compute.

Don't be an idiot.

Listen.. 🌸

If darkness affirms itself as nothing it cannot hold itself accountable for creating
anything. So what has existed and will exist is nothing to be created as a creation
of existence.

So what is guilt then?
For for it.. what is guilt?

And what does that apply to an ongoing free creation happening right now all in
the light of love?

A knee on George's throat.
Projected in fear. Which could have been given a dialog as to find acceptance.
Instead of murder. Judge anything. And that's a little knee. Word.

Accept anything? And we spiral to oblivion in the light of genocide. Well deserved.

We all aspire to be what we wish to be. What is that too you? In what color? In what flava? Unique yet the same.

In Living Color.

The need for love in sorrow is not affirmed and does not need anything but its own affirmation in peace.

So 'I am love'. Takes care of that.
No need. Yet necessary. But no thing.

What is spiritual now?
What is secure?
What's good?
For real.
Ya'll.

Look at the world like this. All light.
With colorful creations on it.

Like a canvas.

..can you somewhat understand the stressful urgency I've had in wishing to tell the world about this?..

/ Leo 🏆💖🏆

So what is God?

Ask and thou shall receive.
Ask for more. Never settle.
And love comes. Never war.

I've got all I need without a question that amounts to worry.

There you go 🏆💖 Life's good

It's OK to feel satisfied and proud but still with a wish to be with others. As you exists together. The distance have to be real. Or else none of this works. In the name of..

You won't learn from competition. You learn from being authentic and meeting people that aren't wishing they wuz.

Love just wanna rest in love 💖💖 Like a timeless movement.

Emotion 🌸 all

Best name is perhaps??... Young Buck.
I receive in honor. Pride that code.

I have the honors. ..but I can loose it 3 seconds. For sure.

It's all energy. Attraction to something. Congruent with what we desire. Or not..
Give peace a chance and you'll see 🙌💖

- ..hey there. What's your name? And what are you eating?

Leo. What's yours? And oh.. I'm eating milk chocolate.

- That's not good. I am Vegan.

That's far away from home 🪐⭐🐟💖🎉💖

Slow down. Let love return. Have fun 💋 Now what is courage?

..venture in to add venture out. Can you imagine how many Yoga girls turn me down 'cause I ain't got long dreads..

Pff.. Love yourself yes. Marry yourself nah. That's material. Masculine. Superficial.
