

The meaning of life:

Accept yourself so that love can pass thru you as you wish to give 🌸🙏💖 I love you 💖 Give is Give is Live is Love is Light is God knows me is We is God is I am One Love

🌸 Take care of the life giving water which does not judge. Love to die for.. Does not exist. I am always loved for the one I am.
By God : No questions asked

What we naturally is? Has no question.
So complete acceptance all in love which automatically is adoration and appreciation. Feel this to be true as a peaceful good feeling not trying to perform anything or let any previous mistake define this =

Success 🌟💖🌸💖☀️😊🙏💋
Thank you my love 🙌

We share the same will together and so we do not judge but only pleasure ourselves 💖

💋🙏🌟😊🌸 So you see.. Faith in self..
Is the most sweetest deal in the Universe.

That! Is a promise. Expect so good by feeling. An image or a word is not really necessary but we love that also. Joyful expectancy and all is perfectly OK 🌟

We as human beings experience different amounts of strain in relation to rational conviction of judgement and from this the body becomes tensed and creates disease.

So there is no such thing as being sick, this is all a mental construct allowed for by not enjoying ourselves and experience a life of pleasure. Inside out. (Sorry for living)

Confidence (Not Arrogance) Trust in self. Affirmed true nature. Or not, in nuance. We get what we give. Love or Fear. Joy or Worry. All good for something depending on what we need as to realize ourselves becoming nobody 🌟

(Grateful for being)

Humility enables all 🕊️☀️🙌

Thank you God, Thank you Love, Thank you Light, Thank you Source, Thank you Life 🎉 I am : My own gift we give each other 💖

Worth believing for? Oh Yes. Most definitely. Most wonderful free love possible as a human being.

Don't judge 🙏💖🌸 Be cool ☀️

Love first 🏆 Feel love as is

I love you 💖💚💖

So what's gonna become of all this?

No need to think about that 😊

We promise you will absolutely love everything. Together 😍😍💖🥑

TIP: No need to live in positive expectancy as in something has to happen. Because it already is. You is living. (The Infinity Project)

Ask your Doctor if love could have something to do with it? They ain't got an answer for that. Because they don't believe.

I do! I trust love coming together when the timing is picture perfect rendition of holographic presentation 👍😊💖🕊️

It's very good to think out loud.

That's affirmed prayer 🙏

Love loves love so love love 💖😊🌸

I do! I do! I do! Trinidaction Attraction 🏆

Safe and secure with humour. Fun ride!

💚😊

Vi är nu tillsammans 🍷💚🍷

Vi älskar allt i glädje 🍷🙏🍷

Jag längtar alltid tills vi möts 😊 Det är alltid O💚K och faktiskt förväntat och härligt!

I receive all the love! Well pre:served.

Smash! 😊🌟🏆

Be a fan of others in love as to be a fan of self. Possible for all. Inspired creation. Give credit as to receive it. All is energy in motion. Don't second guess your own gift. That is condescending. Thread spiriterally lightly. Hooked on a good feeling:

That's not a destructive addiction.

*Live in faith 🌸 Appreciation for all
Relax (Tempovision) All is now*

This is applicable for all kinds of circumstances in relation to maturity.
Morality, Dignity, Respect, Reverence.

Love works wonders for all.
Free of negative charge going onward 4ever.

Connect 🍷💚🍷

We always know what to do. Which is to love. This is prime. Then we do a bunch of stuff. Endless ideas. True foundation!

God is all about love and joy. Being perfect in equal continuous distribution. Merits and acknowledgements of various performances has no claim without returning to source upon completion (not competition). And highly advised to stem from a spiritual intention. Land in/of love. Always good as just being.

This is what we need to give ourselves. For real.

A given right (as in correct) is to love everything about yourself. And you can focus on something specific you love a little extra! That's fine.

I choose my heart 🍷💚🍷

For a balanced consumption of a spiritual diet. But you see we don't judge. My love and I. So we all good now forever.

Return on self investment.

As to live good 😊

Is it possible for you and me to read this to ourselves everyday combined with a positive attitude? It sure is. No matter the weather or the amount of money in the pocket. Feel rich in love and love takes care of what we can't control. Like the humane climate.

Wuzzup Greta! 😊 Holla!

That last comment is not antisemitic, racist or derogatory at all. I'm just being real.

Without self judgement you can joyfully fantasize and dream about anything that makes you feel good. And that's all you need. Happy Gilmore Girls/Boys/Men/Women!

Honor Love 🌸 Free your mind = Talk about it 🌿 🙏 🌿

I love when you naturally feel you need to hold on but also love when you let go of everything and just let it flow.

So a little tension is necessary and good!
I love seeing you do whatever I don't know.

/ God : Just Feel 🌸

= Forever resting in a good spirit

- What's that like? 🧠

Feel for it! 💖

God always listens and does not miss anything. So keep dreaming ✨
It's yours before (pre) you know it (post).

L'Oreal 💖 Hackysack all nutz

Love loves all you do!
That's just the way it is.

..oh yeah 💖 🙏 💖

PS. If something is not of your personal interest you can simply ignore it without any evaluating emotions. Like it doesn't exist yet aware of it. And from this we stop inviting more experiences to learn from. That's a choice in attitude. Behaving positive and to make a world of love instead of hurt.

Nobody is truly ever defined as either a victim or perpetrator. If you zoom out and look at universal creation. Understanding sequence and consequence.

I forgive you 🌸 Repeat if you wish

Anything always goes. Free will.
Please behave responsibly.

Don't blame. Free.
When understood.

Click clack! Global Reset 😇

I want everything that I desire!
Why not 😍 But I am fine right here I am

For me and my love alone: "Where" does not exist. We don't know that..

You can work hard at achieving anything you can dream of. A good suggestion is being yourself as you is authentically. It makes for a great foundation as to do other things which are good but never can affirm the true and infinite you.

To question your happiness can go on until the end of your human experience. Or end it too soon. Resistance has a purpose. It's a part of the challenge in becoming authentic.

Which is a free joyful loving being enjoying life and having fun. Most of the time ☀️

Shit happens. Take care of it 💖

For you and for me & the entire human race.

I ain't got visible abs 👍 But I love you 💖

Wanna watch some Southpark? 😊

It gets easier. Trust me. Love returns as sweet as ever. When allowed for.

Don't fight. Don't stress. Don't worry.
Be happy 😊 Meet your own expectations

All you need to brake is the destructive habit. Feel good and do whatever being emotionally responsible. And things will align accordingly. From you being in the center of aware and relaxed attention in your own personal experience observing your owned life happening.

A.K.A:

Bow (Humble) Wow (Grateful) Now 💖

If you feel displeased then express that or it will grow inside you like a virus. But do it with the ambition of releasing this potential demon. Or else you create it.

Love only wants you well 🌸

I wish to meet a free spirit.
How's that gonna work living condemned?
In a universe forever based and existing on attraction without any opinion at all.

Imma print this for myself. It's a good reminder about the life giving importance available for me in a timeless love I still need to make my choice. Sometimes a couple of times a day. Starting as I wake up receiving today and going to sleep again as to receive today once more. Yesterday does not exist.

And neither does tomorrow.

For real 💖

LiveStream for sure. Supported without advertisement. No need. Equanimous.

What is hungry but cannot be materially fed only needs attention. With eyes closed in peace just being following your breath.

💖 : **See me** 🌸😊🌸

That's a non-doing and desires no identity.
Non-conceptual & unconditional aware conscious energy.

Better is to believe it! 🙏💖🌸
Always all good as is.

All free right now 

Talk to me  **I am Love, Light power**
Let's heal and grow @ the same time

You can do it! 
I grant everything as you do.

No problem  **Tell me how you feel!**
No shame. No guilt. No fear.
And please! Give me all your dreams..

The number 13 is not a hype. But an indicator of alignment. Trust all signs.

But do not act on impulse. Unless to prevent what is potentially destructive.
Which is mostly not engaging. Or simply completely stopping. Return to here
and now. Calm down. And continue from a state of less pressure as to
respond.

There is no such thing as a forced development in relation to a
comprehensive understanding.

Which is mostly emotional.
Love is not the frame.

It's the colorful artwork loving the frame.
As well     **As good as possible**
Forever becoming more of itself by automatic universal expansion.

Or else I would not be able to write this. On like a stone tablet..kinda.
Compared to what people use in 4082. Don't get ahead of yourself. Stay here
with me, says love.

We is One 
Thank you.

Leo Rosenblad - transmutation.se (My gift to humanity, from personal
experience) I've got a degree in compassion which cannot be compared.
Ever. My point of view is exclusive just for me. And the most wonderful thing
about that? Is the vision of you. I'll give you that. For free. My friend. I love
you. I ain't jealous. But still I love to be me. And that's not Ego. Learn to use
it. Or it will use you. By default. Don't lose your mind. But live feeling free.

This document has endless worth for me. Just a few pages that feels like a million bucks sitting in shorts with empty pockets..

Like a sales bond.

Like an exchange stock.

I've got zero experience in financial trading. I can hardly keep my economic balance from one month to the next.

But I would like to trade all of this..

For waking up tomorrow coming closer to you. My reflection of love I wish to kiss good morning. Good evening and good night.

Because I am a True man.

And this is my show..

And all of this ain't no gimmick. It's not a clever pitch.

It's a beatmix phasing and flanging being damn near perfect.

*With the exception of me living in me.
And you living in you.*

Desiring the same thing. Which is us..

Which (if I may) I would like to suggest be like a month of just being together forgetting about the world. To begin with. Written with feelings of peaceful joy. But also with gratitude that borders what could be defined as sadness. But it isn't. Same tears but with a smile expression.

And these fuckin motorcycles sounding like a fuckin spacecraft outside. What da fuck is wrong with you?... There there.. Stay calm. All is well. We all have different needs and passions. So.. You can come after me now Hell Bandidos. As I offended your culture. By loving the whole world and thus my own life. Pushing some buttons on a 13 inch foldable iPhone. To quote OSHO: People are retarded.

I am available for bookings starting now. Just fire off an email to the Pope and from his head exploding you will automatically be enlightened. What is this? Like the renässans halloween inspired by Sauron's fashion adviser? Fuck a DUCK!

Naughty by Nature - Hip Hop Hooray! R.I.P Lloyd. I'll C U when I get there.

You can all access this for yourselves going deep into a relaxed state of conscious acceptance. And the outcome will be the same. Just a little different as you will be the one expressing it from your perspective of personal nuance. I started doing this at around the age of 7. When I started having therapy.

And for 8 years, 7 days a week, day and night. I've been creating [transmutation.se](https://www.transmutation.se) with YouTube videos and music releases.

*That's dedication.
I would not even call that an effort.
It's a necessity.*

But I still give me and the people involved credit.

Most are not aware cognitively regarding their involvement. But you see all play a part in the unraveling of karmic knots. And these people come into my experience at the perfect time during the perfect circumstances. Like Jimmy. Whom I told the other day that I feel is a greater loss for the world than myself meaning if one of us would cease to exist on this planet.

And that is not condescending being against myself.

*I just love and appreciate him so much.
Because this won't not have reached a glorious pivot!*

Without him. I am so proud of him. I look up to him. I am inspired by him. And I continue to learn from him. As he actually has way more experience than me when it comes to difficulties growing up without comparison. It's just the way it is..

*But we both know pain. And we both know love. From experience.
And this is what makes us come together as a team. Universally.
Soul Brothers. Twin Power Of Universal Creation. Better look out! Because I am sure we will create something spectacular.*

But I would love that month first. With the woman of my dreams whom I do not know what she looks like. But I am not stressed or worried about that. She's all I've ever wanted and more. I trust God. And that promise is what I hold serious. I need to. Or else this won't work. But still cannot be stopped. This is happening.

*Dim switch 'bout to drop resistance. That's how they work. That's how this works. Take your dreams to heart. And they become. I am so looking forward to meeting you. Whoever you is and wherever you is from and skin tone and etc etc etc..
YOU! Is Perfect. For me. As I for you. That's the promise. Divine union. By God.*

Again. Thank you. I love you. Great job. Well done. I give myself. XOXOXO.

22:07, Sunday. June 15th.

Imma go 2 sleep now.

Before I transition into the land of complete tranquility I shall dream and feel for you. A bit of everything somehow. I can't see your face.

But I am very good at feeling.

So I can more or less do this without a dream vision.

And release good stuff thru-out my body just laying still with my hands on either side of me. Making myself feel good. That's a wonderful sleeping pill.

So just imagine.

If you somehow can..

What it will be like when we are together.

For real.

Bliss. Bless.

O.M.G. (I want you, Real Good. Never Bad)

Ess.

I am not afraid. Of love.

So this is the core reason of not knowing. Who she is. As to not actually be able to judge her. Being as close to love as I am which isn't personal. But becomes that.

Can you see that now+? I have no actual knowledge or control of what is fundamentally the most important in my life. Right after myself. And Jimmy.

Which makes love pure. Affirmed and acknowledged. As much as possible without sex. And then she comes in as my romantic reflection. Which so much love! But also with physical intimacy. Thank you thank you thank you!

Good night. You're welcome. Always. We love you. I love you. See ya!.. Always.

(Don't stop. But end feeling sorry for love. And loves gives all just like that)

Da World

*Is too big with too many people to live feeling worried and concerned.
Feelings of empathy for all eventually makes it hard to breathe drowning in sorrow.
Sympathy is constructive which is not pity and works as it does not let go of the
general state of feeling good for oneself.*

*We are supposed to be there for each other but not as a crutch.
Nobody else can make you happy but yourself. The one who stays quiet draws the
shortest straw. And that's always a personal choice.*

*What is an impersonal choice?
Have you ever made an impersonal choice?
I feel like the only way to do that is to go against free will in relation to someone
else. That's an impersonal choice.
So please take care of yourself.
Be honest and true with you.*

*Religion is a hoax.
And makes more damage then good.*

*The communication which develops your experience is something that happens
between the authentic soul self (spiritual) and the mental personality (material).*

*You send and receive it all.
Yet you still remain in this current lifestyle body.
What needs to be expressed needs to be expressed.
Life is not about add-ons to feel good for being you.*

*It's more of an emotional striptease. Which cannot happen all of a sudden because
then we'd simply not learn. And by that not expand consciousness which is
necessary for the universal expansion as this is the same thing so we'd loose the
point. We move and learn together. And your relationship with yourself is what
makes for similar relationships outside of you.*

*Life for a human being is inside out initially.
We learn about ourselves by studying behaviors without judgement.
And approving ourselves as OK in relation to what makes us feel good alone.
To enjoy yourself having fun makes for friendships.
Not questioning everything all the time.
Feel free to live. Feel judged to die.*

*Truthfully see the results of your own manifestation in nuance somewhere between
those. No logical explanation regarding where on a scale will ever do you any good.
As no experience is comparable. Not even your own with yourself.
So you need to feel what's going on.*

What's love got 2 do with it? Well.. Everything.

*There is no successful treatment without your own participation.
Except lobotomi perhaps if you wish to become a vegetable.*

Which you ain't.

And honestly you won't become a vegetable either.

It's just a saying.

Like trying to become anything you ain't.

You are born in this body and that's the way it is.

True success is appreciation and acceptance for who you is, which is spiritual and needs attention primarily before anything else. Do this work of emotional understanding completely and then change your hairstyle or whatever you wanna do. Don't lie to yourself working from the outside in.

*You is truth at the core of your being.
You ain't foolin no one.*

*Doctors whom approve these lies are demons living on earth.
Granted to work freely by people discarding responsibility as to live correct in relation to their true nature.*

*They are like the sustainers & maintainers of blame.
Held high in academic prestige giving you drugs to numb what your soul sings.
(Approved and celebrated by you)
All the resistance we all struggle with in this world is self created by us not affirming God within us without separation as true identity. So this is actually the best start, middle & end regarding life in general.*

God does not have the possibility to feel bad. Ever. In the history of all history. Only the personality. The Ego. Which needs to understand. And not to be judged. Take care of that and less destructive consequences happen as a result of being humane. Starting with yourself Doc, Spock, Pope, Me, You. All.

*I feel. That it's time for me to enjoy myself now.
When I feel happy and peaceful (calm, not stressed) I am not in need.
And so nicotine won't do me any good. But it has its function when I need it.
Just like any other drug. But mostly I love to live just as I am.
Affirming all the good.*

*I feel worthy of you.
In joy. No fear.*

All love.

*If I heard a knock from inside my closet now?
I would open it and kiss you.*

:)

*Not with my eyes closed at first glance to be honest.
I need and desire and want my woman.*

*A lot of energy and enthusiasm feels terrible with a lot of resistance.
It just becomes uncomfortable pressure. But when you loose that resistance it
brings a smile on your face with a good feeling.*

You see!

Effortless joy.

It works!

No shame, No guilt, No fear before God.

And God delivers.

*There never was a hold up.
You did the robbery of stealing sunshine from yourself sweetie.
Be open for change which is a new point of view.*

*And see things as brand new.
Or else you might miss out on something you really love.*

*Like..Living. To begin with. And then dessert.
I never cared that much for starters. Overrated and expensive.
Unnecessary. I am the main coarse and she is my dessert.*

*Freedom, liberation, relaxation, acceptance, enjoyment, wonder, astral, electric,
amazing, adorable is yours if you want it. Being real.*

There's a yoga place right next to where I live. Many people come there for classes etc I believe mostly during the summer.

I see them from time to time out having a walk.

As I meet them I greet them.

*And either I receive a reply from a mouth barely moving.
Or they just look at me and do not say a word.*

Some don't even seem to wanna look at other people at all.

I am not offended.

But I do know from experience that these people are judgemental within themselves. Yoga is a religion as well.

If you wanna live free then live free.

By making yourself come alive without resistance.

Being you!

And when you do such a simple thing as being out and about walking in the woods for instance you instantly feel happy as you see someone else! And you don't need to stop and talk but that would be wonderful. But at least meet and greet and you pass by.

Because..

*Any yogis got the answer...?
You don't need an answer.*

*Because it's lovely. That's the answer.
And courteous.*

*Stop thinking so much about everything.
Make things clear for yourself. Look up to yourself and your own development as you affirm the truth and accept yourself more. Giving you what you need.
Everything's gonna be aiight. When with mind you do not put up a fight.*

The Matrix could be yo mama.

*Happy and secure.
Yes. It's possible.
Honorable love.
True to self.*

*Going steady connection.
Feeling good.
For being.
You.*

How about doing something fun!
